The scope of works requested by the CSA's -MO's tend to exceed the original order this leads to some works not being completed by the set target. There are a number of jobs, that because of the agreed process and cost controlling process', approval needs to be sought for scaffolding or other work that exceeds the | <b>②</b> | Approved. Slight improvement this quarter and we remain within target.   |

## Quarterly Performance Report Housing and Community OSC - Elliott Brooks/Cllr Margaret Griffiths - Housing Qtr 3, 2012

|       |   |              |                           | •                         | , -   |   |             |  |
|-------|---|--------------|---------------------------|---------------------------|-------|---|-------------|--|
| Ref   | Indicator   | Target       | Qtr 3 Result              | Qtr 2 Result              | Trend | Updater Comments  | Sign<br>Off |  |
|       |   |              |                           |                           |       | delay in the actual repair being carried out.   |             |  |
| PP12  | Percentage of non-urgent repairs completed within target    | 97.00%       | 98.30%                    | 97.87%                    | •     | Whilst PP11 shows the vast majority of works being completed early a small proportion still overrun past the 25 working day priority, typically these works involve wet trades or works where specialist suppliers are used i.e. for replacement double glazed units. However we have managed to bring some jobs forward and complete them 'early'. | <b>②</b>    | Approved. improved performance this quarter and we remain above target   |
| PP13  | Percentage of responsive repairs completed right first time | 98.50%       | 99.30%                    | 99.36%                    | •     | There were a total of 24 requests for recalls, of which 9 were valid. This equates to a 'pass' rate of 99.49% of the 1787 orders completed in the month. The half rear result remains on course to better the target set.   |             | Approved. very slight drop this quarter but we remain above target figure for year.  |
| PP14  | Appointments kept as a percentage of appointments made      | 97.00%       | 99.19%                    | 98.07%                    | 1     | Because all jobs are appointed, initially by<br>the call centre and MO's, this indicator<br>remains at a consistently high level.   | <b>V</b>    | Approved. Performance has improved this quarter and remains above target   |
| PP15  | Percentage of Tenants satisfied with the level of repair    | 97.00%       | 98.22%                    | 98.07%                    | •     | Of a total of 173 telephone surveys and physical surveys undertaken there were 5 residents who expressed dis-satisfaction with the service.   | <b></b>     | Approved. Increase in satisfaction this quarter and we remain above target. dissatisfaction issues raised by tenants are being investigated with our contractor  |
| PP16a | Average time to relet a Council Property (Sheltered)        | 35.00 day(s) | 47.09 day(s)<br>(2213/47) | 42.60 day(s)<br>(1917/45) | 1     | Performance for these properties has decreased during this period. It is estimated that performance in the final period will improve.   | <b></b>     | Approved. Performance outside of target and reasons for poor results need to be analysed further to identify areas for improvement. Performance will be monitored closely next quarter and an improvement is expected.       |
| PP16b | Average time to relet a Council Property (Adapted)          | 50.00 day(s) | 36.00 day(s)<br>(216/6)   | 73.67 day(s)<br>(221/3)   | •     | Performance has improved dramitically in this period, the average time taken to relet these properties is now below target.   | <b>V</b>    | Approved. excellent performance this quarter   |
| PP17  | Average Time to relet all properties                        | 35.00 day(s) | 34.75 day(s)              | 38.78 day(s)              | •     | Performance for this period is below the target time. It is estimated that this trend will continue into the final period.  | <b>②</b>    | Approved. Effort put in this quarter has resulted in our target being exceeded, continued effort in this area should continue this trend to the end of the year ensuring we improve our performance and remain within target |
| PP18  | Average cost of voids (empty homes)                         | £2,500.00    | £2,248.26                 | £2,234.82                 | •     | All void works are carried out to meet a minimum standard required under DBC's Empty Homes specification. Specifications are provided by DBC for MITIE to complete the works therefore  | <b>Ø</b>    | Approved. Revised target now more accurately reflects the average expenditure on void properties. We are within target this quarter.   |
