Subject: representation on change of licence at the White Hart Public House, Hemel Hempstead

Dear sir, i would like to make a representation about the following change of licence application

The White Hart 30-32 High Street Hemel Hempstead Herts HP1 3AA

The application is to extend opening hours on Fridays and Saturdays from 10am to 2.30am. This extension of hours covers exhibition of film, live music, recorded music and late night refreshment indoors only. The provision of the supply of alcohol is for both indoors and outdoors. Extended hours the premises are open to the public on Fridays and Saturdays 10am to 3am.

.....

I live directly opposite the White Hart pub, and already suffer from broken sleep due to the noise from live music played in this venue up to midnight on weekends. Any extension to this venues licence to exhibit films and Television or play live or recorded music until 2:30am will severely restrict my ability to enjoy my own home and will make it impossible for me to sleep until 3:00am at the earliest during weekends. Customers also spill outside onto the street to smoke currently, whilst there, they sing, shout, argue, and generally do the sort of things that people do whilst drinking, This is also very disturbing already and to increase the hours of alcohol sale, will by necessity increase the hours that people will be standing on the street smoking and causing a disturbance. It is for these reasons that I object to the request for an extension under any circumstances.

If this licence is altered i will regrettably have to leave the High street altogether, a place which has been my home for over 10 years.

Regards

Annex F – Extracts from policy and guidance

LOCAL POLICY CONSIDERATIONS

It is considered that the following policies have a bearing on the application:

The Council has a duty under the Act to carry out its functions with a view to promoting the 4 licensing objectives, as follows: -

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance
- the protection of children from harm.

1.5 Nothing in this Statement of Licensing Policy prevents applications being considered on their own merits, nor will it undermine the right of any person applying for a variety of permissions under the Act.

1.7 In addressing these matters the Licensing Authority will primarily focus on the direct impact of the activities taking place at the licensed premises on members of the public living, working or engaged in normal activity in the area concerned.

3.2 In carrying out its licensing functions, the Licensing Authority must also have regard to its policy statement, and any statutory guidance under the Act, it is also bound by the Human Rights Act 1998. The Licensing Authority must also fulfil its obligations under section 17 of the Crime and Disorder Act 1998 as follows: "Without prejudice to any other obligation imposed on it, it shall be the duty of each authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area".

3.3 It is recognised that the licensing function is only one means of securing the delivery of the above objectives and should not therefore be seen as a means for solving all local problems. The Licensing Authority will therefore continue to work in partnership with its neighbouring authorities, the police, local businesses and local people towards the promotion of the licensing objectives as outlined.

3.4 The Licensing Authority expects applicants to address the licensing objectives in their operating schedule having regard to the type of premises, the licensable activities to be provided, the operational procedures, the nature of the location and the needs of local communities. The operating schedule should contain sufficient information to enable any Responsible Authority or Interested Party to assess whether the steps taken to promote the licensing objectives are satisfactory.

6. Licensing Hours

6.1 Flexible licensing hours for the sale of alcohol can help to ensure that the concentrations of customers leaving premises simultaneously are avoided. This can help to reduce friction at late night food outlets, taxi ranks and other sources of transport in areas where there have previously been incidents of disorder and disturbance.

6.2 Licensing hours should not inhibit the development of a thriving and safe evening and night time economy. This is important for investment, local employment, tourism and local services associated with the night time economy. Providing consumers with greater choice and flexibility is an important consideration, but should always be balanced carefully against the duty to promote the four licensing objectives and the interests of local residents.

6.3 The Licensing Authority expects that issues relating to licensing hours will be addressed by the applicant in the operating schedule.

6.6 The Licensing Authority will deal with the issue of licensing hours on the individual merits of each application. However, when issuing a licence, stricter conditions are likely to be imposed with regard to noise control in the case of premises that are situated in largely residential areas.

10. Licensing Conditions

10.1 The Licensing Authority will avoid imposing disproportionate conditions on premises. I will only impose conditions that are necessary in order to promote the licensing objectives and are in themselves reasonable and proportionate.

10.2 In the case of an unopposed application the Licensing Authority has the discretion only to apply conditions that are consistent with the operating schedule. Where there are relevant representations and these are upheld by the Licensing Authority's Licensing Committee, further conditions may be attached to a licence in pursuance of the promotion of the licensing objectives.

10.3 Where appropriate the Licensing Authority will attach conditions from the model pool of conditions issued by the Home Office depending on the circumstances of each individual case.

10.4 The Council will seek to avoid attaching conditions to licences unless they are considered necessary for the promotion of the licensing objectives. Conditions will generally be considered unnecessary if they are already adequately covered by other legislation (as indicated in paragraph 13.9 of the Secretary of State's Guidance). It is not the Licensing Authority's intention to duplicate existing legislation and regulatory regimes that already place obligations on employers and operators e.g. The Health and Safety at Work Act 1974 and the Regulatory Reform (Fire Safety) Order 2005.

Administration, Exercise and Delegation of Functions

19.3 Applications where there are relevant representations will be dealt with by a Sub-Committee of the Licensing Authority, as will any application for review of a licence.

19.4 The Licensing Authority will expect individual applicants to address the licensing objectives in their operating schedule having regard to the type of premises, the licensable activities to be provided, the operational procedures, the nature of the location and the needs of the local community. Applicants should make themselves aware of this Policy and in particular the issues that will need to be addressed in formulating the operating schedule.

NATIONAL GUIDANCE

Each application on its own merits

1.16 Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy where, for example, its effect on cumulative impact is relevant. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Avoiding duplication of other legal requirements

1.17 The licensing authority should only impose conditions on a premises licence or club premises certificate which are appropriate and proportionate for the promotion of the licensing objectives. If other existing law already places certain statutory responsibilities on an employer at or operator of a premises, it cannot be appropriate to impose the same or similar duties on

the premises licence holder, or club. It is only where additional and supplementary measures are appropriate to promote the licensing objectives that there will be a requirement for appropriate, proportionate conditions to be attached.

Public Nuisance

2.33 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.

2.34 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance, perhaps affecting a few people living locally, as well as major disturbance affecting the whole community. It may also include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises.

2.35 Conditions relating to noise nuisance will normally concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or more sophisticated measures like the installation of acoustic curtains or rubber speaker mounts. Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises. Licensing authorities should be aware of the need to avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are very expensive to purchase and install and are likely to be a considerable burden for smaller venues.

2.36 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where the provisions of the Environmental Protection Act 1990, the Noise Act 1996, or the Clean Neighbourhoods and Environment Act 2005 adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.

2.37 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, music noise from premises usually occurs from mid-evening until either late-evening or early-morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. In certain circumstances, conditions relating to noise immediately surrounding the premises may also prove appropriate to address any disturbance anticipated as customers enter and leave.

2.39 In the context of preventing public nuisance, it is again essential that conditions are focused on measures within the direct control of the licence holder or club. Conditions relating to public nuisance caused by the anti-social behaviour of customers once they are beyond the control of the licence holder, club or premises management cannot be justified and will not serve to promote the licensing objectives. However, premises should have adequate dispersal policies (where appropriate) in place to ensure that customers leave the premises promptly and with minimal disruption to those in the surrounding area.

2.40 Beyond the immediate area surrounding the premises, these are matters for personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area and to respect the rights of people living nearby to a peaceful night.

Determining Applications

Where representations are made

9.3 Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant, the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious. Relevant representations can be made in opposition to, or in support of, an application and can be made by any individual, body or business that has grounds to do so.

9.33 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation.

9.34 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:

- the steps that are appropriate to promote the licensing objectives;
- the representations (including supporting information) presented by all the parties;
- Section 182 Guidance issued by the Home Office
- its own statement of licensing policy.

9.35 The licensing authority should give its decision within 5 working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule. Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety.

Imposed Conditions

10.12 The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives.
