Report for:	Licensing Health & Safety Enforcement Committee	
Date of meeting:	03 February 2015	
PART:	1	
If Part II, reason:		

Title of report:	Licensing Fees and Charges 2015-16
Contact:	Ross Hill – Licensing Team Leader, Legal Governance
Purpose of report:	To set the fees and charges payable in connection with licensing applications for the financial year 2015-16
Recommendations	That the fees and charges payable in connection with licensing applications from 1 April 2015 to 31 March 2016 are set at the levels proposed in Annex B.
Corporate objectives:	<ul> <li>Dacorum Delivers</li> <li>The proposed fees have been calculated on a cost recovery basis, and projections show that if the revised fees are adopted the costs of administering licensing schemes should be recovered.</li> </ul>
Implications:	FinancialThere will be a cost in adoption of fees, as some will requirepublic notice to be given. The proposed fee amendments areprojected to result in an increase in Licensing service revenueof approximately 2% over the financial year.Value for MoneyThe proposed fees have been calculated on a cost recovery
	basis, with the aim of ensuring that administrative, processing and certain compliance costs are recovered in full.
	Risk / Equalities / Health and Safety None

Consultees:	Fees proposals were published on the Council's website and comments invited. Responses are included at Annex C.

## 1. BACKGROUND

- 1.1. Dacorum Borough Council has statutory responsibility for the administration and enforcement of a wide range of licences, registrations and permits. Many of these schemes allow the Council to charge a fee, payable by an applicant for a licence, in order to cover the costs (or a proportion thereof) of the administration of those licence types. In some cases, costs are also permitted to cover other aspects of providing the regulatory scheme.
- 1.2. The basis in setting such fees is generally to ensure full cost recovery, or as close to it as possible. Numerous legal cases over the years have confirmed that licensing fees may not be used to generate a profit for councils, and that fees should be reviewed regularly (generally annually) to ensure that neither a significant surplus nor deficit is created. Surpluses or deficits may be carried forward to future years to be redistributed or recouped, as applicable.
- 1.3. Many licensing schemes fall within the definition of 'services', under the EU Services Directive, as incorporated by the Provision of Services Regulations 2009. For such schemes, fees and charges must "*be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities*".<sup>1</sup> This principle was affirmed by the courts in *R* (*on the application of Hemming (t/a Simply Pleasure Ltd)) v Westminster City Council*, although the decision of the Supreme Court to the latest appeal is currently awaited. Per the last decision, fees must reflect administrative, policy and compliance costs, but cannot include the costs of enforcement action against unlicensed operators.
- 1.4. The table at Annex A summarises the Council's powers to set its fees in respect of licensing applications, and any limitations on those powers.
- 1.5. The Committee considered pre-consultation proposals for the setting of fees and charges for the 2015-16 financial year in November 2015. This report now proposes that the fees are set at the proposed levels.

## 2. PROPOSALS

2.1. A proposed list of service-wide fees and charges (excluding those fees set by statute or under executive arrangements) for the period from 1 April 2015 to 31 March 2016, is appended to this report as Annex B. The proposed fees are unchanged from the original draft list presented to the Committee in November.

<sup>&</sup>lt;sup>1</sup> Reg 18(4), Provision of Services Regulations 2009 (S.I. 2009 / 2999)

2.2. The following comments are made on specific proposals:

**Section 3**: Small increases have been proposed to some of the animal licences. This area had seen some of the largest undercharges prior to 2012, and fees have gradually increased towards cost-recovery levels since then.

**Section 6**: Increases of around 5-6% have been proposed for vehicle and driver licence fees this year. These fees were last changed in 2013, and the main reason for the proposed increase is an increase in the amount of time spent processing these applications, due to a majority of applicants persistently failing to complete application forms fully and/or provide required supporting documentation which is clearly requested in application packs, resulting in officers having to chase for missing details or documents. A further increase has been included on hackney carriage vehicles to recover significant expenditure relating to a change of taxi tariff (fares) this year.

**Section 10**: New procedures for the registration of skin piercing businesses have reduced the amount of work undertaken, leading to a reduction in the fee proposed.

## 3. CONSULTATION RESPONSES

- 3.1. Following the November meeting, details of the proposed fees were published on the Council's website, and comments were invited from licensees and other affected parties. A number of individuals submitted requests under the Freedom of Information Act for breakdowns of how the proposed fees were calculated, and responses have been sent.
- 3.2. A number of comments have been received from members of the taxi trade in respect of those fees, and these are reproduced at Annex C. No comments were received in respect of any other service areas.
- 3.3. Public participation requests have also been received from a number of individuals submitting written comments, as follows:
  - Tabrez Khan / John McIlvaney (Dacorum Taxi Drivers Association)
  - Martin Hanlon
  - Terry Carrington
  - Tina Parr

## 4. **RECOMMENDATIONS**

- 4.1. In pursuance of the fee-setting powers conferred upon the Council as specified in Annex A of this report, that the Licensing, Health & Safety and Enforcement Committee set as the fees and charges payable by applicants in connection with applications and other processes for licences, registrations and permits the fees and charges as set out in Annex B, for the period from 1<sup>st</sup> April 2015 to 31<sup>st</sup> March 2016; and
- 4.2. That authority to consider any objections arising from statutory notices pertaining to these fees be delegated to the Group Manager (Legal Governance) in conjunction with the Chairman of the Licensing, Health & Safety and Enforcement Committee.

## Annex C Responses to consultation

Dacorum Taxi Drivers Association [address provided]

19th January 2015

#### Decorum Borough council licensing committee Head of licensing department Dear Sir/Madam,

I am writing on behalf on the taxi drivers association with regards to the proposal put forward by the Dacorum Taxi Licensing department to increase the vehicle license fees by 9% £18 per year.

We as an association strongly oppose to the proposal put forward to increase the fees by 9%. There are several factors which need to be taken into consideration:

Upon our request we have received a breakdown of vehicle license fees.

- 1. First of all the time taken on administration work in 2014/2015 was 1hr 40mins
  - This is due to increase in 2015/2016 to 2hr 15 mins
  - We do not agree with the time taken to process the application, it is highly unlikely for it to take this long
- 2. We would like to know if the council has independently conducted a time and motion study to evaluate if the times stated by the department are accurate.
  - The control and supervision times in 2014/2015 were 2hr which is increasing to 2hr 30min, is this increase of 30min justifiable?
  - We were told in our meetings with the licensing department the paperwork will be processed online, this surely cuts the time and cost instead of increasing
- 3. In the Licensing committee meeting held on 4th February 2014, the vehicle licensing fee was increased by 20% to take affect from 1<sup>st</sup> April 2014. With the increase of £40 and a further increase of £18 proposed the total amount will be £58 in just over a year, we feel this sum is unjust due to Inflation having dropped from 1% to 0.5%
- 4. As shown in the breakdown cost schedule attached, there are costs included in the renewal vehicle license fee which are:
  - Plate & Material £5.09
  - Plate production work £4.07

The costs stated above are inaccurate when renewing the vehicle license as the two costs do not apply when renewing a basic vehicle license. (With renewal these costs should not be incurred). The vehicle license fees for four surrounding councils are as follows:

- 5. The vehicle license fees for four surrounding counc
   o Watford £218.00
  - Watiofd £218.00
     Three rivers £181.96

  - Bedford £230.00 (Renewal fee)
  - St Albans £300.00 (Fare table highest in area)

As a whole the trade feel concerned with a further increase being proposed as there has already been a £40.00 increase in the last year and a further £18.00 increase will be unjust due to the decrease of inflation and such vast rise of 29% when our fares have only increased on average of 5% capped at 18months. We strongly opposes to this level of rise over such a short period of time. Looking through the cost break down there is no sufficient increase therefore it does not justify such a proposed increase, If the council wants to play catch-up they need to do it at a sustainable pace.

**Note:** At the committee meeting could either myself or John Maclnvy be allowed to speak for 5 minutes.

Attached are costs breakdowns, information on last years increase.

Kind Regards

 Tabrez Khan
 (Chairman of Hackney carriage Taxi Drivers Association)

Dear Licensing,

Can you please explain why you need to increase the MOT/Compliance test by over 10%.Inflation from Oct 14 to Nov 14 was -0.3% so I'm a bit confused as to why such a big increase.

You also state in Dec 2014 of Taxi & Private Hire Update that one of the reasons for the increase is for the incomplete application forms. I think this is very unfair and also penalizes drivers who take the time to read the application and send in the correct paperwork. Maybe an extra charge for drivers who can't fill in forms correctly would be more appropriate .

With regards to fees I understand you can only charge the costs associated with the issue and administration of an MOT/Compliance test.

I would also like to dispute the time of 2 hours 15 mins for administration work and also would like to speak at the next licencing meeting please.

M.Hanlon

I don't agree with 9% rise when we had 20% rise last year. Naseem

I would like to object to proposed hackney carriage licensed fee increase  $% \left( {{\rm{B}}} \right)$  . HV 209 driver Michael James.

I think the 9% increase in vehicles license fee is unfair as inflation is 5% .less than two years ago u increased the fee from £200 to £240 and now more increase is not fair at all. From , Abrar Khan Hv 069. HD 144

Hi,

I wish to oppose the proposed 9% vehicle licence fee increase.

Last year there was a 20% increase. The inflation has gone down and there is no justification to the proposed increase.

I am really surprised to hear that taxi licence fee is considered to be increasing again as last year. As you know business now a days is not good enough to bear any increase of fees as car insurance is expensive and more and more cabs are on road & specially

some cabs from other councils are also stealing our business. So please Donot increase any fee. Thanks. Hd341

#### Hi

I am seriously opposing to increase the fee again. We are struggling to survive our daily life and you are trying to increase the fee. Please do not increase the fee at all, thanks.

Akmal H Khan Hackney plate-272

I Asim Hussain badge number XD 312, reject and oppose your proposed changes to increase your fees for our badges and licences.

After the 20% increase last year how can you justify a further 9% this year when inflation is at its lowest since past few years.

I strongly request you withdraw from increasing these fees.

Kind regards Mr Hussain.

#### Good afternoon,

I'm writing to confirm that as a hackney driver for dacorum, I personally disagree the increase that our council is currently trying to implement.

As drivers we already had been effected with the last increase and a further 9% will bring a big impact to our expensives.

Current inflation has currently decreased and also I noticed on the breakdown as costing on staff is worked out at approx £37 per hour which is extremely high whilst some taxi drivers are earning lower than national wages.

The current work status in dacorum is currently at the lowest as members of public are currently stop using rank services and if pricws are increased this will lead to drivers requesting increase in fare which will impact the public and drivers even more.

Kind regards Terry Unique cars ltd

To whom it may concern,

I am writing to you regarding the proposal to increase vehicle license fees by 9%, a further increase on the 20% rise last year. I feel there is no legitimate reason for this, as inflation has gone down in recent times, and these constant increases are making the fees unaffordable. I am therefore opposing the increase and will challenge these new guidelines you are trying to implement every step of the way as I feel they are unreasonable and unjustified. Regards M Hanif

Hi this is raja Ahmed hd 023. *[address provided]*. Now a days not enough work how' we can afford more fee. Please don't raise the licence fee.

I am totally against the opposed increase of 9% in vehicle Licence fee

Thanks

Regards Raulf Khan

not increas the fee plz we cnt afford it bage xd 230

Dear Licensing,

I concerned with a further increase being proposed as there has already been a £40.00 increase in the last year and a further £18.00 increase will be unjust due to the decrease of inflation and such vast rise of 29% when our fares have only increased on average of 5% capped at 18months. We strongly opposes to this level of rise over such a short period of time. Looking through the cost break down there is no sufficient increase therefore it does not justify such a proposed increase, If the council wants to play catch-up they need to do it at a sustainable pace.

With regards to fees I understand you can only charge the costs associated with the issue and administration of a MOT/Compliance test.

I would also like to dispute the time of 2 hours 15 mines for administration work and also would like to speak at the next licensing meeting please.

Thanking you Terry Carrington Aarondalecars

Dear Ross Hill

Thank you for providing the information requested.

I wish to contest the proposed increase as I do not believe it is justified. The appendix shows a decrease in outgoings and I disagree with the stated times spent on administration. Could you please notify me of any Committee Meeting scheduled in respect of this proposal as I would like to take the opportunity to discuss further savings as there are no qualifications required for taxi licensing and therefore the wage appears unjustified for an administrator.

I look forward to hearing from you

Yours sincerely

Tina Parr

## 1. BACKGROUND

- 1.1. Under the Licensing Act 2003, any individual who authorises sales or supplies of alcohol from licensed premises must hold a Personal Licence, or have been given consent by such a person to make the sale or supply.
- 1.2. Personal Licence holders may also give a greater number of temporary event notices (TENs) per year than other persons 50 instead of 5.
- 1.3. To obtain a Personal Licence, an individual must complete a short (1 day) training course including an exam, and make an application to the relevant local council for the area in which they reside. Applications must be accompanied by the results of a recent criminal records check, and a prescribed application fee. If the applicant is over 18, has completed the accredited training, has not forfeited a licence and has no unspent convictions for relevant criminal offences, a licence will be granted with a

10-year duration. At the end of this period, a renewal application must be made to preserve the licence entitlement.

- 1.4. During the 2005 transitional period, individuals who were named on a Justices' liquor licence were entitled to 'convert' their previous licence to a Personal Licence, without having to complete the updated training course or provide a criminal records check.
- 1.5. To date, Dacorum has issued 1360 Personal Licences 360 of which resulted from applications within the transitional period.
- 1.6. The earliest possible expiry date for a Personal Licence is 7 February 2015 (10 years after the first day of the transitional period). In Dacorum, the first Personal Licences were not issued until April 2005. Early licences are due to expire as follows:

	Apr 2015	May 2015	Jun 2015	Jul 2015	Aug 2015	Sep 2015	Oct 2015	Nov 2015	Dec 2015
Converted	18	23	31	23	151	106	3	3	2
New	-	-	-	-	2	11	10	30	19

1.7. Once a licence has been issued, it may be used at licensed premises throughout England and Wales. It is not necessary, nor permitted by law, to obtain licences in each area where the individual intends to work. As such, many licence-holders who originally applied to Dacorum have since moved out of the area. However, renewal applications must be made to the Council which issued the original licence, irrespective of where the holder is living at the time.

## 2. DEREGULATION

- 2.1. In 2013, the Government consulted on a proposal to abolish the Personal Licence scheme in its entirety. This met with substantial opposition from both regulatory bodies and from the licensed trade, which regards the licences as a recognisable entry-level qualification. In consequence, the proposals were scaled back, and the Government announced that they would instead look to repeal the renewal requirement, making all licences open-ended.
- 2.2. Measures to enact this change are currently under consideration by Parliament as part of the Deregulation Bill, which at the time of writing is undergoing scrutiny by the House of Lords' legislative committee. The Bill is currently expected to receive

royal assent in around March of this year, and to be commenced several months later.

- 2.3. After a number of licensing authorities highlighted that some licences would expire before the changes to the renewal requirement took effect, the Home Office have laid new regulations<sup>2</sup>, amending the renewals process in the original legislation as an interim measure, so as to simplify the process and enable expiring licences to be continued until such time as the deregulatory measures come into force. However, this cannot be made automatic, and will still require licensees to take action to preserve their entitlement.
- 2.4. Under the modified procedures, holders of licences expiring before the changes take effect must make an application to renew the licence, to the Council which originally issued it. Applications can be made 3 months prior to the expiry date, and must be made no later than one month before that date. The applicant must complete a short form (simplified by the regulations), and submit this to the licensing authority, accompanied by their original licence or a copy thereof. No fee is payable, and the requirement to supply a criminal records certificate has also been removed. It is also possible to make the renewal application online, via the Council's website.
- 2.5. On receipt of a renewal application, the licensing authority will issue a letter of acknowledgement, and if the original licence was sent return this to the applicant. Section 119 of the Act provides for the continuation of a licence pending determination of a renewal application, and the Government intend to use this provision to give continuation rights to licensees who had applied early for their licences. Licensing authorities have been advised that it is not necessary to issue new licences following renewal applications, unless the original licence has been lost or damaged and a simultaneous application is made, with the requisite fee, for a replacement.
- 2.6. The acknowledgement letter issued to renewal applicants will serve to confirm the ongoing entitlement to carry out the licensed activities, and licensees are being advised to keep this with their licence, to be produced in the event that they are challenged by police or licensing officers. It is intended that this should be sent by email wherever possible, so as to minimise processing costs.
- 2.7. As and when the measures in the Bill are commenced, all Personal Licences in force on that date will become of unlimited duration. However, any licences which have expired without a renewal application being made will remain expired the Bill does not include provisions to reactivate lapsed licences.
- 2.8. This report summarises factsheets published by the Government, available at <u>https://www.gov.uk/government/publications/new-arrangements-for-personal-licences-due-for-renewal-in-2015</u>

## 1. BACKGROUND

- 1.1. All vehicles which are presented to the Council for licensing as hackney carriages or private hire vehicles are required to satisfactorily complete a roadworthiness and standards inspection ('MOT and compliance test') before they will be licensed. More recently, the Council has begun requiring vehicles over 10 years of age to complete two such tests in each year. The purpose of these tests is to satisfy the legislative requirement that vehicles are safe and mechanically sound for the proposed use, offer sufficient comfort to passengers, and are of satisfactory appearance.
- 1.2. All tests are undertaken at a testing station authorised by the Council to conduct such tests. The station must also be approved by VOSA to carry out the MOT test. As the checks carried out go beyond the basic requirements of the MOT, an MOT certificate obtained from another test station will not be acceptable proof of compliance with the licensing standards set by the Council.
- 1.3. Since 2005, the Council has operated a policy of contracting a sole testing station within the borough. On each renewal, this contract is subject to a competitive tender exercise, to ensure value for money. The current testing station contract runs until June 2016.
- 1.4. Prior to 2005, the Council appointed two testing stations. This approach was discontinued by the then-Head of Public Protection, following concerns around the consistency in application of standards between the two stations, leading to drivers favouring one station as they felt they would be treated more leniently. Multiple test stations also dramatically increase the amount of officer time required to be spent in ensuring consistent application of standards and facilitating the testing of vehicles.

## 2. PETITION

- 2.1. A petition has been received from the Dacorum Taxi Drivers Association requesting that the Council revert to the previous policy position and appoint a second test station. Two grounds are cited:
  - a) To offer further choice for drivers and alleviate pressure on the existing test station; and
  - b) A conflict of personalities between test station staff and drivers.
- 2.2. The petition is reproduced at Annex A.

## 3. OFFICERS COMMENTS

3.1. Officers do not agree with the petitioners' claims that a change in approach to the appointment of test stations is required or beneficial. The change to a single test station was made as a result of demonstrable problems arising from the inconsistent application of the Council's standards between the two test stations. While there were some initial teething problems and a number of complaints when the switch to a single station was made, in the main these arose from an instruction given to the test station by the licensing authority to rigorously assess the

standards, particularly in respect of paintwork damage (e.g. scratches and chips). This instruction was subsequently relaxed, and the rate of complaints dropped considerably, with just two complaints received in the last 30 months.

- 3.2. Under the current testing contract, a minimum of 3 appointments per day are made available exclusively for the testing of Dacorum's licensed vehicles (i.e. around 780 appointments per year, for a fleet of around 410 vehicles), and further appointments will typically be made available upon request, subject to availability. It is very rare that an appointment cannot be offered to an applicant within 2 working days. It should be noted that although many vehicle proprietors follow the advice given to them and submit their applications early, thus securing their preferred appointment date and time, a minority persist in not making applications until very close to their licence expiry date, thus increasing the likelihood of their preferred appointment having already been booked.
- 3.3. The second ground, in respect of a conflict of interest, is vague and not borne out by complaints made to the licensing authority, of which there are very few. Although there will inevitably be dissatisfaction from time to time around the failure of a vehicle on a particular fault, we are not aware of any no complaints from drivers alleging that they have been treated unfairly or improperly by test station staff have been substantiated in recent years.
- 3.4. A bigger problem has been identified with the unclear nature of the current compliance standards, which are largely left open to interpretation. Officers have already held preliminary discussions with both the test station staff and the driver's association to propose updating this document so as to increase the clarity and consistent application of the applicable standards, and this work will continue in the coming months, with a view to reporting to a future meeting of this Committee.

This is the petition presented to Dacorum Borough Council by the taxi Association on behalf of the taxi and private hire trade within Decorum

Its the opinion of the trade that there should be **2 MOT/compliance testing station** giving drivers more choice when having vehicles tested with the introduction of two MOTs a year for older taxes we feel this would help in alleviate pressure on the existing one Testing station and give drivers a Choice and Reduced waiting time when booking a test

we have found that sometimes there is A conflict of personalities between the testing station Staff and the taxi drivers This has been an ongoing situation since the council changed the policy and reduced to 1 testing station

With 2 testing stations this would remove this problem

all drivers that have signed this petition are in support of the reintroducing 2 MOT/compliance testing stations for taxi and private hire cars And urge the council taxi committee to amend the policy.

This is the petition presented to Dacorum Borough Council by the taxi Association on behalf of the taxi and private hire trade within Decorum

Its the opinion of the trade that there should be **2 MOT/compliance testing station** giving drivers more choice when having vehicles tested with the introduction of two MOTs a year for older taxes we feel this would help in alleviate pressure on the existing one Testing station and give drivers a Choice and Reduced waiting time when booking a test

we have found that sometimes there is A conflict of personalities between the testing station Staff and the taxi drivers This has been an ongoing situation since the council changed the policy and reduced to 1 testing station

With 2 testing stations this would remove this problem

all drivers that have signed this petition are in support of the reintroducing 2 MOT/compliance testing stations for taxi and private hire cars And urge the council taxi committee to amend the policy.

This is the petition presented to Dacorum Borough Council by the taxi Association on behalf of the taxi and private hire trade within Decorum

Its the opinion of the trade that there should be 2 MOT/compliance testing station giving drivers more choice when having vehicles tested with the introduction of two MOTs a year for older taxes we feel this would help in alleviate pressure on the existing one Testing station and give drivers a Choice and Reduced waiting time when booking a test

we have found that sometimes there is A conflict of personalities between the testing station Staff and the taxi drivers This has been an ongoing situation since the council changed the policy and reduced to 1 testing station

With 2 testing stations this would remove this problem

all drivers that have signed this petition are in support of the reintroducing 2 MOT/compliance testing stations for taxi and private hire cars And urge the council taxi committee to amend the policy.

## AGENDA ITEM: 8

## SUMMARY

Report for:	Licensing Health & Safety Enforcement Committee
Date of meeting:	03 February 2015
PART:	1
If Part II, reason:	

Title of report:	Letter from Baroness Kramer, Department for Transport
Contact:	Ross Hill – Licensing Team Leader, Legal Governance
Purpose of report:	To present a letter recently received from the Department for Transport in respect of the taxi licensing functions.
Recommendations	That the Committee note the letter from Baroness Kramer.
Corporate objectives:	Safe and Clean Environment <ul> <li>Maintain a clean and safe environment</li> </ul>
Implications:	None
Consultees:	None
Background papers:	Letter from Baroness Kramer (attached)
Glossary of acronyms and any other abbreviations used in this report:	

 The letter attached at Annex A has recently been sent from the Department for Transport to all taxi licensing authorities, reminding authorities that they should not be afraid to use their powers to refuse, suspend or revoke licences where the situation warrants doing so, and to ensure a robust and comprehensive system of pre-licensing checks is in place. This has been prompted in part following relevations around the use of taxis and private hire vehicles by the perpetrators of child sexual exploitation offences in a number of areas.

Taxi and private hire vehicle drivers

1 8 NOV 2014

I am writing to you about the important issue of ensuring that licensed taxi and private hire vehicle drivers are safe to drive the travelling public.

National and local government have a joint interest in ensuring personal safety of passengers. We recognise the good work that many local authorities have already done through stringent licensing procedures to protect passengers and maintain confidence in taxi and private hire vehicle services.

Licensing authorities have power to undertake enhanced Disclosure and Barring Service checks on all applicants for taxi and private hire vehicle driver licences. These checks will highlight convictions for sex offences and other relevant information that can be taken into consideration when deciding who to license. Furthermore, once a licence has been issued, licensing authorities should have systems in place, including maintaining links with the police, to ensure that drivers continue to be 'fit and proper'. While the decision to revoke or suspend a licence should never be considered lightly, the licensing system is designed to protect the public and it would be wrong to avoid this course of action where it is clearly appropriate.

In the interests of public safety and the reputation of the licensed trade, I encourage you to use all the tools available to ensure that all licensed drivers have undergone a thorough vetting process, their conduct is monitored once licensed, and all available information is fully considered when making licensing decisions.

amer

**BARONESS KRAMER** 

## 9. EXCLUSION OF THE PUBLIC

To consider passing a resolution in the following terms:

That, under s.100A (4) of the Local Government Act 1972 Schedule 12A Part 1, as amended by the Local Government (Access to Information) (Variation) Order 2006, the public be excluded during the item in Part II of the Agenda for the meeting, because it is likely, in view of the nature of the business to be transacted, that if members of the public were present during this item there would be disclosure to them of exempt information relating to:

## DACORUM BOROUGH COUNCIL

## LICENSING AND HEALTH AND SAFETY ENFORCEMENT COMMITTEE

## 25 NOVEMBER 2014

Present –

## **MEMBERS**:

Councillors Mrs Green (Chairman), Bhinder, Conway, Fantham, Hearn (Vice-Chairman), Link, Peter, Ryan, G Sutton, R Sutton and Whitman

## **OFFICERS:**

B Lisgarten	Legal Governance Team Leader
R Hill	Licensing Team Leader
S Taylor	Lead Licensing Officer
T Coston	Member Support Officer

## OTHERS:

Mrs Sandiford – Item 5

The meeting began at 7.30 pm

#### 1. MINUTES

The minutes of the meeting held on 29 April 2014 were confirmed by the Members present and signed by the Chairman.

## 2. APOLOGIES FOR ABSENCE

Apologies for absence were received on behalf of Councillor Taylor.

## 3. DECLARATIONS OF INTERESTS

There were no declarations of interest.

## 4. PUBLIC PARTICIPATION

The Chairman asked Mrs Sandiford if she would like to comment on the outcome of consultation on proposed update of standard conditions for animal related licences. Mrs Sandiford said she didn't wish to speak at this meeting but would like to return to a future licensing meeting that related to dog boarding licences.

# 5. OUTCOME OF CONSULTATION ON PROPOSED UPDATE OF STANDARD CONDITIONS FOR ANIMAL RELATED LICENCES

S Taylor introduced the report and welcomed any questions from the committee.

Councillor Fantham asked what control the council had over breeding a dog under one year old. S Taylor said the conditions were a tool to guide establishments towards good operating practices and record keeping so that when premises were inspected there would be evidence of compliance.

## Resolved:

The Licensing and Health & Safety Enforcement Committee approved the adoption of the Council's standard conditions for licensing of cat boarding establishments, dog breeding establishments and pet shops derived from the updated 2013 and 2014 model conditions published by the CIEH, as set out at Annexes 4 to 6 of the report.

## 6. TAXI AND PRIVATE HIRE VEHICLE STANDARDS – MPV'S

R Hill highlighted that this matter had been discussed by this committee on two prior occasions, however there were a number of issues and inconsistencies with the Policy. He said they had discussed the matter with the proprietors and they all had agreed the safety concerns needed to be addressed and therefore the committee were asked to consider amending the Policy as detailed in the recommendation.

## Resolved:

The Licensing and Health and Safety Enforcement Committee modified the Council's vehicle standards for hackney carriages and private hire vehicles with effect from 1 December 2014, by omitting paragraph 5 from the current hackney carriage standards, and paragraph 6 from the current private hire standards (in both cases, paragraphs titled 'Egress from rear seating').

## 7. LICENSING FEES AND CHARGES 2015-16

R Hill advised that the licensing fees and charges were reviewed annually and these changes would take effect from 1<sup>st</sup> April 2015. He said that there were a small number of changes in animal licences to gradually recover some of the largest undercharges prior to 2012. He explained that they were also proposing an increase of 6% for vehicle and driver licensing fees as the average time taken to process the applications had increased; this was due to a majority of applicants failing to fully complete the application forms or provide the necessary supporting documentation. He advised it would be the first increase in fees for two years.

## Resolved:

The Licensing and Health and Safety Enforcement Committee instructed officers to commence consultation on the proposed fees for 2015/16, and report the results back to the committee at its meeting in February 2015

The meeting ended at 7.38 pm
