## DACORUM BOROUGH COUNCIL

### LICENSING AND HEALTH AND SAFETY ENFORCEMENT COMMITTEE

24 JANUARY 2023

\*\*\*\*\*

Present-

#### MEMBERS:

Councillor Hearn (Chairman), Allen, Bassadone, Link, Peter, Pringle, Rogers and Sutton

#### OFFICERS:

Sally Mcdonald	Lead Licensing Officer
Kim Knight	Licensing Compliance & Technical Officer
Trudi Angel	Corporate & Democratic Support Officer (Minutes)

The meeting began at 7.30 pm

#### 1. MINUTES

The minutes of the meeting held on 11 May 2022 were agreed by the members present and then signed by the Chairman.

#### 2. APOLOGIES FOR ABSENCE

Apologies for absence were received on behalf of Councillors Bhinder and Johnson.

#### 3. DECLARATIONS OF INTEREST

There were no declarations of interest.

#### 4. PUBLIC PARTICIPATION

There was no public participation.

#### 5. LICENSING FEES & CHARGES 2023-24

The Chairman invited the officers to introduce the report.

S Mcdonald introduced the licensing fees and charges report for 2023-2024. As previously advised by email, Phil Wortley (Licensing Team Leader), was unfortunately not available for this meeting. That being the case, S Mcdonald and K Knight would try and answer any questions that members may have.

The report before members set out the draft licence fees and charges for the next financial year.

In addition to the content of the report, there were a small number of errors on the proposed list in Annex B as follows:

Pages 26 and 27 of the report, specifically the fees for Lottery registrations and Licensed premises, Club Gaming, Club Machine and Prize Gaming permits and their associated annual fees and administration fees cannot be raised, as these fees are set in Gambling Act regulations.

Pavement licensing fees have unfortunately been omitted from this list – the £100 fee is capped within the 2020 Business and Planning Act Regulations, and therefore the 10% uplift cannot be applied to these.

However, a review of this activity is currently being undertaken and a new licensing regime is expected to be announced in its final form around September 2023, potentially introducing longer term licences, with a revised fee structure.

A report will be presented to the Committee at that time, to appraise them of the new arrangements and to agree revised fees if appropriate.

It should also be noted that we cannot charge or recoup costs for charity collections or hypnosis registrations.

Consideration for fees for scrap metal licences are an Executive function, delegated to officers, and would therefore fall to the Assistant Director of Legal and Democratic Services along with final agreement following consultation for proposed taxi vehicle and operator charges, dependent on initial agreement this evening.

They therefore requested, that, following consideration of this report, the Committee agree the draft fees and delegate authority to officers to complete the process where required, as per the recommendations on page 6 of the report.

She welcomed questions from the committee.

The Chairman thanked the officers for all their hard work producing the new fees and charges for the coming year. She also thanked them for all the additional information they provided and for all the queries they had answered prior to this meeting.

Councillor Rogers also thanked the officers for the additional information they had provided him with prior to the meeting. He noted there had been a significant and consistent fall in taxi licences and asked if the officers had an indication of the impact Uber and other App based companies were having.

K Knight felt that although Uber had made an impact it wasn't significant. She explained that Uber wasn't licenced to cover Berkhamsted or Tring, so Uber drivers could only drop-off there but weren't able to pick up customers. This generated more work for local drivers. She advised that some private hire operators were also introducing App based services similar to Uber to keep up with the movement in technology.

Councillor Rogers expressed concern that an increase in fees could deter drivers and cause them to favour Uber. He queried if the officers were aware of the fees for Uber drivers.

K Knight felt that the increase in fees was minimal, particularly when broken down over a three year period to cover the term of a licence. She said the officers often speak to drivers and the general feeling was that they were happy to stay licenced

with DBC. Covid had had a big impact on drivers but that had been improving steadily. She added that Uber didn't advertise their fees on their website, someone would need to apply to find out.

Councillor Allen asked, what was the overall rationale for the majority of fees being increased by 10% on a seemingly blanket basis. He understood that there were inflationary pressures and that these are generally at over 10%, but these are not always uniform. For example pay increases in the public sector are not generally being pitched to meet the rate of inflation. He felt it was important that councils only raise fees in relation to the increase in actual costs rather than apply blanket increases – otherwise they were perpetuating the inflationary cycle and adding more pressure on businesses who are potentially struggling.

S McDonald read the following response from the Assistant Director, Legal and Democratic Services: 'The principle behind the fee increases is set out in the covering report to the budget proposals that was approved by the scrutiny committees in December 2022. As part of the Commercial Strategy, the Council have undertaken a review of all fees and charges. In order to ensure that fees for 2023/24 reflect expected increases in staffing and other costs, where we have discretion to do so we have applied expected inflationary increases to proposed 23/24 charges. This approach has helped us deliver a balanced proposed budget proposal for the Council for 23/24, which in turn supports the continued delivery of Council service.'

To give context to the increases, the average pay award for 2021/22 – 2022/23 was 5.92%. The assumption in the medium term financial strategy is that the award for 2023/24 which will be effective from 1st April 2023 will be a further 4% increase. In addition the Council has incurred significant increases in utilities and other premises costs.'

Councillor Allen commented that when fees were set in 2021 several fees relating to keeping wild animals, breeding, keeping performing animals and riding establishments saw increases of 8+%, and asked if officers knew what the rationale for the increases was? Given businesses in these fields are facing cost-of-living pressures, what is DBC's justification for further increasing the costs these businesses must pay to operate moving forward?

S McDonald replied that the Animal Activity regulations came in to force in 2018 replacing a much simpler system, at which time fees were set against estimates of the time it would take to process the applications and carry out the inspections. During 2019-20, DEFRA set out the legal requirement that any officers inspecting licensed premises would need to complete a Level 3 qualification, comprising over 130 hours of study. This came with a cost implication of around £1k per officer. Two officers were subsequently put on this training, one of which unfortunately passed away. A further officer is now working through the qualification to ensure resilience in the team. In addition to this, it was realised that, due to an increased number of new applications, the volume of documentation the applicants needed to show which needed checking, and the length of time it took to carry out inspections thoroughly, a lot more time was being taken to process these licences than was previously envisaged. S McDonald also explained that Animal Activity Licensing fees have not been reviewed since 2021 so no increase was implemented in the 2022-23 financial year.

Councillor Allen felt that a blanket approach could be seen as unreasonable. He then questioned if other comparable authorities were increasing their fees and how do our fees compare with theirs.

S McDonald replied it was difficult to draw comparisons with other authorities, as no single authority has exactly the same team structure, salaries and overheads etc. She had asked other local authorities in this area to provide us with their fees but had not yet had a response.

Councillor Pringle echoed Councillor Allen's concerns and felt we should avoid contributing to inflation. She said we needed to consider how increasing these fees would be affecting local businesses.

Councillor Allen thanked the officers for all the additional information they had provided him with.

It was proposed by Councillor Peter and seconded by Councillor Bassadone to agree the draft licensing fees and charges for 2023-24.

The Chairman asked members to vote on the recommendation.

For: 6 (Bassadone, Hearn, Link, Peter, Rogers and Sutton)

Against: 0

Abstain: 2 (Allen and Pringle)

#### Decision

In pursuance of the fee-setting powers conferred upon the Council as specified in Annex A of this report, that the Licensing, Health & Safety and Enforcement Committee set as the fees and charges payable by applicants in connection with applications and other processes for licences, registrations and permits the fees and charges as set out in Annex A to these minutes, for the period from 1st April 2023 to 31st March 2024;

And,

That authority to consider any objections arising from statutory notices pertaining to these fees be delegated to the Assistant Director (Legal and Democratic Services) in consultation with the Chairman of the Licensing, Health & Safety and Enforcement Committee.

The meeting finished at 7.50 pm.

## AGENDA ITEM: 5

### SUMMARY

Report for:	Licensing Health and Safety Enforcement Committee
Date of meeting:	28 <sup>th</sup> March 2023
Part:	1
If Part II, reason:	

Title of report:	Mobile Homes Policy and Fees 2023
Contact:	Phil Wortley Licensing Team Leader
Purpose of report:	To provide an opportunity for Members to comment on the Regulatory Services – Mobile Homes Fees Policy
Recommendations	That the Licensing and Health and Safety Enforcement Committee approves the Regulatory Services – Mobile Homes Fees Policy
Corporate Objectives:	To produce a Mobile Homes Fees Policy in line with current best practice and one that provides value for money and most economical use of resources.

<p>Implications:</p> <p>'Value For Money Implications'</p>	<p><u>Financial</u></p> <p>There are limited financial implications relating to this report. The fees proposed and detailed in this policy should ensure that the actions can be funded (cost recovery only) from the site licence fees. ## 1.0 Background

1.1 The [Caravan Sites and Control of Development Act 1960](#) has been amended by the [Mobile Homes Act 2013](#) , which came into force on the 1 April 2014.

1.2 As part of the changes, a new licensing scheme came into force on 1st April 2014. This enables local authorities to monitor site licence compliance more effectively. Authorities will now have the tools to take enforcement action where owners are not managing and maintaining their sites and its services. This will ensure residents' health and safety are better protected and the value of their homes is safeguarded.

1.3 These Acts lay down 'model standards' that should be included in the licences for the site. These standards specify conditions relating to:

- the road
- speed limits
- signage within the site
- the distance between mobile homes
- boundary fences
- other structures within the plot area
- the information that should be provided on the site by the manager and
- the fire precautions that must be in place within the site

## 2.0 Recovery of Costs Associated with Licensing.

**2.1** From the 1st April 2014 local authorities can charge Mobile Home Sites fees for:

- considering applications for the issue or transfer of a site licence; □  
considering applications for altering conditions in a site licence; and the
- administration monitoring of site licences.

2.1 These fees have to be included in the 2023/2024 budgeting process and fees and charges set accordingly.

2.2 The fee for administration and monitoring of licences is levied as an annual fee. Where a local authority decides to charge fees these must be published in its Fees Policy document and must be transparent and reasonable.

2.3 A risk rating inspection system will be used that introduces a sliding scale of annual charges based on the risk/inspection frequency. This means a site which is more problematic will pay a higher licence fee than one which requires little regulatory involvement from the council.

## 1.0 Introduction

- 1.1 Dacorum Borough Council ('the council') has powers under the Caravan Sites and Control of Development Act 1960 (the Act) as amended by the Mobile Homes Act 2013 to issue licences in respect of 'relevant protected sites' and to charge fees for the provision of our licensing functions.
- 1.2 All of the residential mobile home parks currently licensed by the council come under the new licensing regulations; these sites are referred to as "relevant protected sites". The following sites are exempt:
- sites granted for holiday use only
  - sites which have restrictions at certain times of the year (such as planning conditions)
  - sites owned by local authorities.
- 1.3 The council can charge:
- a licence fee for applications to grant or transfer a licence or an application to alter the conditions on a licence
  - an annual licence fee for administering and monitoring licences □ a fee for assessing the depositing of site rules.
- 1.4 The legislation allows the site owner to pass on each year to residents, through their annual 'pitch fees', the annual licence fee imposed by the council in the first year.
- 1.5 Before the council can charge a fee, it must have a fees policy. When fixing a fee the local authority:
- must act in accordance with their fees policy
  - may fix different fees in different cases
  - may determine that no fee is required in some cases.
- 1.6 Any fees charged must fairly cover the costs (or part of the costs) incurred by the council under its functions in Part 1 of the Act, other than the costs of enforcement action. They must be reasonable and transparent and whilst different fees can apply to different types of cases, there must be consistency in the fee structure and its application.
- 1.7 This document outlines the policy adopted by the council. Implementation, monitoring and review of this policy will be undertaken by the Team Leader for Environmental Protection and Housing, along with the Group Manager (Regulatory Services). Cabinet will be consulted if significant amendments to the policy are proposed, while minor changes may be agreed by the Group Manager (Regulatory Services) in consultation with the Portfolio Holder.. Where legislation dictates that elements of the policy must be changed, these

changes will be implemented as soon as practicable following the notification of the changes.

- 1.8 Any person who operates a business of owning/managing a mobile homes relevant protected site within Dacorum must apply to the council for a site licence.

## **2.0 New applications**

- 2.1 Applicants must apply (or apply for a variation) using the prescribed form, enclose a copy of all relevant documentation and submit the correct fee.

Incomplete licence applications, including those not accompanied by the correct fee, requested supporting documentation or all relevant disclosure certificate/s will not be processed. Incomplete applications may be returned to the applicant.

## **3.0 New applications fees and existing site licence fees**

- 3.1 Application fees and site licence fees will be reviewed every year as part of the council's fees and charges review and will be published on the council's website.

## **3.2 Site Licence fee**

- 3.2.1 Annual Costs will be incurred for any reasonable cost incurred as part of the administration and monitoring of site licences, these may include for example:

- letter writing/ telephone calls etc to make appointments and requesting any documents or other information from the site owner or from any third party in connection with the licensing process;
- Site inspections and re-inspections including associated travel costs;
- handling enquiries and complaints;
- updating hard files/ computer systems;
- updating the EU Directive website if appropriate;
- processing the licensing fee;
- time for reviewing necessary documents and certificates;
- downloading photographs;
- preparing reports on contraventions;
- review by manager or lawyers; review any consultation responses from third parties;
- updating public register;

□ carrying out any risk assessment process.

3.2.2 The annual fee for the site licence will be based on a risk rating that takes into account the size of a site, the level of compliance of the site with the conditions of the site licence and confidence in management. Further details of the risk based approach can be seen in Appendix A of the policy. The fees are set in accordance with the provisions of the 2013 Act and based on a risk based inspection regime. This approach complies with the regulators code.

3.2.3 This means that a site which is historically more problematic than another site and therefore requires more officer involvement and more monitoring, would pay a higher licence fee than a well managed site that requires very little local authority involvement.

3.2.4 As sites have historically been visited sporadically, with various frequencies of inspection or advisory visits it is considered reasonable that all sites will be charged as low risk for the first charging period. The risk assessment determined on the initial visit will determine the frequency of the next visit. The risk based methodology will consider breaches against the site licence conditions. Issues identified which are included in the site licence will increase the risk even if these are not enforced by this authority. The risk rating methodology is shown below in Appendix A. non-compliance issues will be dealt with in accordance with the Council Enforcement Policy and the requirements of the Regulators Code.

3.2.5 A subsequent visit will be undertaken during the 2023/2024 financial year and based on this inspection the site will be risk assessed in terms of the cost and the frequency of the next visit. This will allow a year for any issues identified on a site and raised to the owner of the site during the initial visit in 2022 to be rectified.

3.2.6 Site Licence Fees will be charged annually from the 1st January. The fees will be reviewed annually in accordance with the Council's fees and charges policy. Any surpluses and deficits will be considered when the annual fees are reviewed, and approved by Members.

#### **4.0 Appeals against the fees charged**

4.1 A licence holder has the right to apply to the First Tier Tribunal if they disagree with the licence fee being charged.

#### **5.0 Fees for depositing, varying and deleting site rules**

5.1 Site rules are different to the site licence conditions and are put in place by the owner of the site to ensure acceptable standards are maintained. The new Act has changed the way site rules must be agreed between the park owner and residents. Councils are now required to keep a register of site rules and

assess the park owner's consultation process over those rules. If the council deem the consultation process to be inadequate, the park owner can be required to re-consult the residents and re-apply.

- 5.2 The council will charge a set fee for assessing the park owner's consultation process, depositing, varying and deleting site rules. If the park owner has completed an inadequate consultation process, a new depositing of site rules fee must be paid by the park owner to cover the council's costs.

## **6.0 Exemptions**

6.1 A site licence is not required for:

- incidental use within the curtilage of a home (e.g. a caravan kept on a domestic driveway for private use by the owners)
- single caravans for not more than two nights and 28 days in 12 months
- holdings of five acres or more if not more than 28 days in 12 months and maximum three caravans at any time
- sites occupied and supervised by exempted organisations (e.g. the Caravan Club)
- sites approved by exempted organisations for up to five caravans
- meetings organised by exempted organisations
- seasonal agriculture and forestry workers
- building and engineering sites
- travelling showmen
- sites occupied by a local authority
- gypsy sites occupied by county or regional councils

## **7.0 Timescales**

- 7.1 The council aims to process applications within two months. There is no deemed approval of applications until a licence is granted.

7.2 Depending on the status of the site's planning permission, a licence will be granted either permanently or for a fixed period. If the licence is for a fixed period the expiry date will be stated on the licence.

### 8.0 Renewal of licences

8.1 It is the applicant's responsibility to apply and ensure that the necessary planning permission is in place before an application for renewal of a licence is submitted.

### 9.0 Appeals and complaints

10.1 Concerns about how an application is handled should initially be with the case officer dealing with the application. If the applicant is still not satisfied, they can lodge a formal complaint which will be investigated in accordance with the Council's published complaints procedure. .

10.2 If an applicant is dissatisfied with a condition attached to their licence, they have the right of appeal to a magistrate's court within 28 days.
