<p>86% of adults use the internet regularly and people expect services that reflect their 24/7 online lives.</p> <p>Digital services also provide an opportunity to use new technology to reduce costs while maintaining or improving service quality.</p> <p>However if we don't deliver our digital vision (Digital Dacorum) this will have major consequences.</p> <p>It will mean that we can't provide services in the most effective way. It will also lead to improvements and savings not being realised. Also systems and processes will fall further behind the expectations of residents.</p> <p>Failure to deliver an effective approach to digital services will also result in reputational damage.</p> <p>The customer experience will also suffer as residents</p>	<p>We initially created a detailed Digital Dacorum programme and plan to help develop our digital aspirations.</p> <p>This has now been delivered and we are moving onto the next phase which will be delivered through our Technology and Digital Transformation Strategy and our Transforming the way we work strategy.</p> <p>These actions are managed and supported by the Digital team and governed by a Digital Project Board. They are also monitored at the monthly Performance Board.</p>	<ul style="list-style-type: none"> - Specialist digital staff are in place - ICT and Digital Transformation Strategy and Transforming the way we work Strategy - New website has gone live - New content management and governance process has been introduced - Schedule for re-design of services.

We have continued to make progress on the delivery of our Digital Dacorum programme. We have also continued to reduce postage costs and have been working on address cleansing to ensure we get the best possible discount for clean mail. We have also continued worked on pilots for E-benefits Decision Notices and E-Landlord Schedules.

PP_R012 Failure to deliver an effective approach to the management of performance, projects and complaints

<p>The ability to manage performance, projects and complaints is vital if we are going to successfully deliver the Council's objectives and priorities.</p> <p>Effective project and performance management ensures that we can deliver what's expected on time and under budget. It also enables us to maximise value for money.</p> <p>However poor project and performance management leads to cost overruns, delays and a failure to achieve outcomes. It also causes opportunity costs and can leads to expensive or ineffective remedial work.</p>		<p>We have recently launched Managing Projects Successfully, our new approach to project management. This provides detailed step-by-step guidance on how to develop, define, manage and evaluate a project.</p> <p>We have a well established performance management system (Corvu) underpinned by a detailed performance framework.</p> <p>We have a team of performance and project management specialists and on a monthly basis we produce programme and performance monitoring</p>		<ul style="list-style-type: none"> - We monitor performance, projects and complaints on a monthly, quarterly and annual basis - We have a dedicated performance and project management system (Rocket and PMO online) - We have a project management framework (managing projects successf

We operate a robust and effective performance and project management process. The majority of projects are being delivered on time and in target and using the Council's dedicated project management office system. The Improvement and Innovation Team have continued to provide internal consultancy helping to support service re-design including in cemeteries, wellbeing and community centre websites. 8 staff members will also be trained in Agile PM techniques using a free private beta test for a new Government Agile qualification.

PP_R014 Failure to achieve the service outcomes for the community and Leisure Contracts

Category: Organisational/Management	Corporate Priority: Dacorum Delivers	Risk Owner: Robert Smyth	Portfolio Holder: Neil Harden	Tolerance: Treating	
Inherent Probability	Inherent Impact	Inherent Risk Score	Residual Probability	Residual Impact	Residual Risk Score
3 Likely	4 Severe	12 Red	2 Unlikely	4 Severe	8 Amber
Consequences		Current Controls		Assurance	
The community contracts provide vital support services for some of the most vulnerable residents in Dacorum. The contracts are: - Information, Advice and Advocacy - Supporting the Voluntary Sector - Reducing Social Isolation		We have introduced a number of controls which manage the risk of not achieving the service outcomes: We have and are undertaking a comprehensive and robust commissioning process, which ensures that we select providers that can deliver on our objectives.		- Commissioning Tender Returns - Contracts and Agreements - KPI Monitoring Reports/Surveys etc.	

OPERATIONAL RISK REGISTER

December 2017

<p>- Living Stable Lives - Promoting Healthy Relationships</p> <p>The forthcoming leisure contract will ensure that our leisure facilities are managed in the most effective way possible.</p> <p>However if we don't achieve the outcomes from each contract, the community will receive inadequate services which can have serious consequences.</p> <p>Failure to deliver would also adversely affect the capacity of the local VCS and the community and local sports clubs.</p> <p>There would also be negative implications for the reputation of the Council and for the services involved.</p>	<p>We will agree KPIs with each contract.</p> <p>We will conduct regular contractual performance meetings and we have a well established process for dealing with any issues.</p> <p>All the contracts will be managed by senior officers with oversight from the Group Manager and Assistant Director.</p> <p>We have also commissioned audits of our processes by Mazars.</p> <p>We have commissioned specialist advice from legal and leisure consultants.</p>

Community Contracts:
The community contracts are continuing to perform effectively. Regular meetings are held with each of the service providers and we are reviewing contract performance data to set targets. An internal audit of the process has identified no major issues (Full, Substantial).

Leisure
The commissioning process has been completed and a decision to award has been made. We are continuing to work closely with clubs and users on the development of a new sports and physical activity strategy. Discussions are ongoing with Tring and Longdean school regarding the Tring refurbishment and the new athletics track.

PP_R015 Failure to effectively and proactively manage the media profile of DBC including social media

OPERATIONAL RISK REGISTER

December 2017

Category: Service Delivery	Corporate Priority: Dacorum Delivers	Risk Owner: Robert Smyth	Portfolio Holder: Neil Harden	Tolerance: Treating

Consequences		Current Controls		Assurance	
<p>The media profile of the organisation is a major issue.</p> <p>If our media profile is not professionally managed, it could lead to reputational risk for the council. This includes reputational risk/damage to members and council staff, and questions being asked about service delivery (as a council) and value for money.</p> <p>A positive media profile also offers a real opportunity to attract new investment and resources.</p> <p>The risks from social media occur either because we aren't using the tool to engage residents restricting our contact with key demographics, or because our reputation has been damaged due to inappropriate or negative use or postings.</p>		<p>We have a number of controls in place to mitigate these risks:</p> <p>For press and media coverage we use a press management system called Vuelio. This enables us to plan for both proactive and reactive issues and maintain control of all outbound and inbound media activities.</p> <p>We have developed good working relationships with the local press and media and continue to involve them in our important activities. Similarly the press are in regular contact with the communications team for comments or further information regarding campaigns and activities.</p> <p>For social media we use Crowd Control (CCHQ) which is the UK's leading risk management software for managing all social media accounts across the council. CCHQ is a web-based risk management platform that enables us to efficiently control access to our social pages, keeping them safe and secure.</p>		<p>- We have a dedicated and experienced communications team with expertise across all forms of media.</p> <p>- The majority of press coverage has been positive with a large emphasis on the Hemel Evolution programme and the various zones that have been complete</p>	

OPERATIONAL RISK REGISTER

<p>Sign Off Complete</p> <p>We continue to operate a proactive and engaged social media programme, which is managed by a Communications Team with significant social media experience.</p> <p>In Q3 we posted over 1,650 outbound messages across our 15 social media accounts, received over 600 direct messages which were responded to in accordance with our social media policy and guidance, and had a total potential twitter reach of 4.68 million viewers across our social media networks. The success of our social media work is reflected in the local government ranking which regularly places Dacorum Borough Council as one of the highest ranked (of the 10 borough councils in Hertfordshire).</p> <p>In January, we will also undergo an internal audit of our social media process as part of the internal audit programme (Mazars).</p>

PP_R016 Failure to effectively and proactively manage all aspects of employee relations					
Category: Service Delivery	Corporate Priority: Dacorum Delivers		Risk Owner: Robert Smyth	Portfolio Holder: Neil Harden	Tolerance: Treating
Inherent Probability	Inherent Impact	Inherent Risk Score	Residual Probability	Residual Impact	Residual Risk Score
3 Likely	4 Severe	12 Red	2 Unlikely	4 Severe	8 Amber
Consequences		Current Controls		Assurance	
Having highly motivated and productive staff is central to everything we do.		We have a number of controls in place to mitigate these risks:		- Very few employment appeals to Members. - Staff turnover is low.	
Failure to effectively manage all aspects of employee relations can have a number of implications.		We have robust employment policies that are reviewed regularly to ensure they are in line with good practice and the latest employment legislation.			
A less motivated and productive workforce will lead to					

OPERATIONAL RISK REGISTER

December 2017

issues of poor service and performance. It can also cause high levels of sickness and dissatisfaction.

It could also result in appeals and employment tribunal cases and staff turnover will increase causing additional disruption and cost.

We have regular employee relation meetings with trade unions and we consult with them on changes to any relevant policies and procedures.

We provide training for managers on employment policies and all managers leading employee relation cases are supported by a qualified HR professional.

We also undertake staff surveys and have recently set up a project to understand and respond to the findings of the most recent survey.

The HR team provides dedicated support and coaching for all managers when dealing with employee relation cases.

We ensure that our employment policies and procedures are robust and reflect good practice and the latest developments in Employment Law.

Staff turnover remains at a comparatively low level (14%) (based on Q3 figures). The new People Strategy has been implemented and a number of critical projects have or are in the process of being implemented. This includes a new approach to corporate training, recruitment & selection and staff recognition.

PP_R017 Failure to support the organisation, and in particular the leadership team, to manage organisational change and staff development including the move to the Forum

December 2017

We have continued to undertake activities and projects to support organisational change and build up a culture of innovation. This includes a new approach to staff communications, the recognition scheme and wellbeing programmes. We have been implementing the new transformation strategy and have begun work on several projects including IT training development, Digital Audits and automation of performance measures to assist in service planning and contract maintenance.

We are continuing to implement the Council’s new Technology & Digital Transformation Strategy. The tender process has closed and roll-out will begin in February. The new Applications Roadmap is being launched and we are continuing work to upgrade our elections system (Strand), Finance System (Agresso) and Planning System (Accolaid). We are also planning to explore future technology concepts including software as a service and infrastructure as a service. A new application specialist for Civa Flare has been recruited as part of the centralisation of application support in addition to a developer to assist the Web Team lead the implementation of a new CRM system.

PP_R04 Failures in ICT resilience or security leading to significant system downtime

We continue to operate a robust and effective approach to resilience. Overall systems availability in Q3 was 99.96% and we have received our annual PSN compliance, which provides assurance about our security. We have a wide range of controls in place including anti-virus software, corporate firewalls and various authentication processes. We are also going to begin the refresh of our desktop provision in February and our data centre in May. Work is continuing with BT on delivery of resilient lines to the network. We have also begun implementation of actions to improve the technology skills and confidence of staff following a detailed review.
