<p>86% of adults use the internet regularly and people expect services that reflect their 24/7 online lives.</p> <p>Digital services also provide an opportunity to use new technology to reduce costs while maintaining or improving service quality.</p> <p>However if we don't deliver our digital vision (Digital Dacorum) this will have major consequences.</p> <p>It will mean that we can't provide services in the most effective way. It will also lead to improvements and savings not being realised. Also systems and processes will fall further behind the expectations of residents.</p> <p>Failure to deliver an effective approach to digital services will also result in reputational damage.</p> <p>The customer experience will also suffer as residents</p>	<p>We initially created a detailed Digital Dacorum programme and plan to help develop our digital aspirations.</p> <p>This has now been delivered and we are moving onto the next phase which will be delivered through our Technology and Digital Transformation Strategy and our Transforming the way we work strategy.</p> <p>These actions are managed and supported by the Digital team and governed by a Digital Project Board. They are also monitored at the monthly Performance Board.</p>	<ul style="list-style-type: none"> - Specialist digital staff are in place - ICT and Digital Transformation Strategy and Transforming the way we work Strategy - New website has gone live - New content management and governance process has been introduced - Schedule for re-design of services.

We have continued to deliver our Digital Dacorum programme. Work is advanced in the development of a resident portal designed to enhance the service experience for website users and reduce avoidable contact via other channels. Additional development resource is currently being recruited to maintain momentum within Digital Dacorum and to address specific service related requirements. We have also continued to reduce postage costs and have been working on address cleansing to ensure we get the best possible discount for clean mail.

PP_R012 Failure to deliver an effective approach to the management of performance, projects and complaints

We continue to operate a robust and effective performance and project management process. The majority of projects are being delivered on time and the Council has recently invested in dedicated project management training for a number of project staff. Changes to complaints handling policy have also seen an improvement in complaints performance. The Improvement and Innovation Team have continued to provide internal consultancy helping to support service re-design including in cemeteries, the development corporation, CSU review and wellbeing.

PP_R014 Failure to achieve the service outcomes for the community and Leisure Contracts

Community Contracts:
The community contracts are continuing to perform effectively. KPIs on community contracts are regularly reviewed and form part of the PH meeting update. An update on the community contracts will be presented at Finance/Resources and Housing OSCs in June. Quarterly meetings take place with all commissioned contracts with recorded notes and actions.

Leisure
The contract goes live in April and a plan has been put in place to manage the transition. We are continuing to work closely with clubs and users on the development of a new sports and physical activity strategy. Discussions are ongoing with Tring regarding the Tring refurbishment and discussions are taking place over the future site for the new athletics track.

PP_R015 Failure to effectively and proactively manage the media profile of DBC including social media

Category: Service Delivery	Corporate Priority: Dacorum Delivers	Risk Owner: Robert Smyth	Portfolio Holder: Neil Harden	Tolerance: Treating	
Inherent Probability	Inherent Impact	Inherent Risk Score	Residual Probability	Residual Impact	Residual Risk Score
2 Unlikely	4 Severe	8 Amber	1 Very Unlikely	4 Severe	4 Green
Consequences		Current Controls		Assurance	
<p>The media profile of the organisation is a major issue.</p> <p>If our media profile is not professionally managed, it could lead to reputational risk for the council. This includes reputational risk/damage to members and council staff, and questions being asked about service delivery (as a council) and value for money.</p> <p>A positive media profile also offers a real opportunity to attract new investment and resources.</p> <p>The risks from social media occur either because we aren't using the tool to engage residents restricting our contact with key demographics, or because our reputation has been damaged due to inappropriate or negative use or postings.</p>		<p>We have a number of controls in place to mitigate these risks:</p> <p>For press and media coverage we use a press management system called Vuelio. This enables us to plan for both proactive and reactive issues and maintain control of all outbound and inbound media activities.</p> <p>We have developed good working relationships with the local press and media and continue to involve them in our important activities. Similarly the press are in regular contact with the communications team for comments or further information regarding campaigns and activities.</p> <p>For social media we use Crowd Control (CCHQ) which is the UK's leading risk management software for managing all social media accounts across the council. CCHQ is a web-based risk management platform that enables us to efficiently control access to our social pages, keeping them safe and secure.</p>		<p>- We have a dedicated and experienced communications team with expertise across all forms of media.</p> <p>- The majority of press coverage has been positive with a large emphasis on the Hemel Evolution programme and the various zones that have been complete</p>

We continue to provide dedicated support and coaching for all managers when dealing with employee relation cases. We are also reviewing our employment policies and procedures to ensure they reflect good practice and the latest developments in Employment Law. Staff turnover remains at a comparatively low level and the new People Strategy has been implemented and a number of critical projects have been implemented. We have been in formal dispute with the Trade Unions, however, we are looking at options to resolve this.

PP_R017 Failure to support the organisation, and in particular the leadership team, to manage organisational change and staff development including the move to the Forum

We are continuing to implement the Council's new Technology & Digital Transformation Strategy. We are also in the process of replacing all desktop equipment with a new generation of laptops and Windows tablets. ICT are involved in a number of significant projects working with Services to replace legacy systems, including Planning & Building Control, Democratic Services and HR. We are also planning to explore future technology concepts including software as a service and infrastructure as a service.

We continue to operate a robust and effective approach to resilience. Overall systems availability is high. DBC's PSN compliance was confirmed earlier this year, assuring our cyber security arrangements meet Cabinet Office standards. ICT are in the process of replacing equipment at Data Centres ensuring both improved capacity and resilience. We have a wide range of controls in place including anti-virus software, corporate firewalls and various authentication processes.
