Comments:

- Speakers spoke too FAST!
 - Poor acoustics! Insufficient water + glasses provided
 - Presentation was very high level – understandable given the volume of information but perhaps optional in depth sessions could be provided – on areas of interest.
 - Acoustics still terrible.
 - V. good session on Budget!
 - Use of mics by Councillor

- Good session – thanks
 - Thank you
 - I appreciate the session was covering a huge field and a lot of effort was given to make it digestible, but sometimes the slides did not link and it felt that the 'apples' in slide one were lost in the presentation of 'pears' in slide two. For example, the slide that showed the budget was not easy for a non-accountant to break down in terms of the headline income sources listed in the previous slide.
 - Slightly baffled by questions about budget rather than setting budget.
