

To consider the following Motion:

RAIL SERVICES MOTION

This Council regrets the recent very poor standard of rail services provide by LNWR. Southern and Virgin. Dacorum has four rail stations, namely Apsley, Hemel Hempstead, Berkhamsted and Tring, and Dacorum residents have suffered from appalling and lengthy delays, in particular when using the return journeys from London Euston.

This Council requests the Chief Executive to write to LNWR, Southern and Virgin

- a. expressing our dissatisfaction with the present standard of service, and
- b. demanding an explanation regarding recent failures in performance, and
- c. seeking a commitment to an improved service for our commuting residents
