Introduction

This progress report to the Audit Committee covers the work carried out during the period April 1st 2019 to January 28th 2020 by Mazars.

Appendix 1 outlines progress to date against the 2019/20 Internal Audit Plan.

Background

The purpose of the internal audit plan is to identify the work required to achieve a reasonable level of assurance to be provided by Mazars in compliance with the Code of Practice for Internal Audit.

The fundamental role of Internal Audit is to provide senior management and Members with independent assurance on the adequacy, effectiveness and efficiency of the system of internal control, and to report major weaknesses together with recommendations for improvement. This role is fulfilled by carrying out appropriate audit work, normally in accordance with a strategic plan and an annual operational plan, as approved by the Corporate Director (Finance & Operations) and the Audit Committee.

As internal audit is a major source of assurance that the Council is effectively managing the principal risks to the achievement of its corporate objectives, a key rationale for the development of the internal audit plan was the Council's own Corporate and Service Risk Registers and how the internal audit plan can provide this assurance.

Progress to Date

Progress against the 2019/20 Internal Audit plan is shown in Appendix 1 and shows the status of work to date and the number of days delivered. At the time of this report, progress against the plan is as follows:

Number of audits in plan	15	
Number of audits finalised	7	47%
Number of audits issued at draft	2	13%
Number of audits currently in progress	1	7%
Number of audits with planned start dates	2	13%
Number of audits with start dates to be agreed	2	13%
Number of audits deferred to following year	1	7%
Total	15	100%

We have issued the following Final reports for 2019/20 since the last Audit Committee meeting:

Definition of Assurance & Priorities

Audit assessment

In order to provide management with an assessment of the adequacy and effectiveness of their systems of internal control, the following definitions are used:

Level	Symbol	Evaluation Assessment	Testing Assessment
Good		There is a sound system of internal control designed to achieve the system objectives.	The controls are being consistently applied, or any weaknesses identified do not affect key controls and are unlikely to impair the achievement of the objectives of the system.
Substantial		Whilst there is a basic sound system of internal control design, there are weaknesses in design which may place some of the system objectives at risk.	While controls are generally operating effectively, there are weaknesses, which put some of the system objectives at risk.
Limited		Weaknesses in the system of internal control design are such as to put the system objectives at risk.	The level of non-compliance puts the system objectives at risk.
Nil		Control is generally weak leaving the system open to significant error or abuse.	Significant non-compliance with basic controls leaves the system open to error or abuse.

The assessment gradings provided here are not comparable with the International Standard on Assurance Engagements (ISAE 3000) issued by the International Audit and Assurance Standards Board and as such the grading of 'Good' does not imply that there are no risks to the stated control objectives.

Grading of recommendations

In order to assist management in using our reports, we categorise our recommendations according to their level of priority as follows:

Level	Definition
Priority 1	Recommendations which are fundamental to the system and upon which the organisation should take immediate action. Major issues for the attention of senior management and the Audit Committee
Priority 2	Recommendations, which, although not fundamental to the system, provide scope for improvements to be made. Recommendations for local management action in their areas of responsibility.
Priority 3	Recommendations concerning issues which are considered to be of a minor nature, but which nevertheless need to be addressed. Detailed problems of a minor nature resolved on site through discussions with local management.

Priority 1 Recommendations

No Priority 1 recommendations have been raised in the final reports issued since the last Audit Committee meeting.

Appendix 3 - Statement of Responsibility

We take responsibility to Dacorum Borough Council for this report which is prepared on the basis of the limitations set out below.

The responsibility for designing and maintaining a sound system of internal control and the prevention and detection of fraud and other irregularities rests with management, with internal audit providing a service to management to enable them to achieve this objective. Specifically, we assess the adequacy and effectiveness of the system of internal control arrangements implemented by management and perform sample testing on those controls in the period under review with a view to providing an opinion on the extent to which risks in this area are managed.

We plan our work in order to ensure that we have a reasonable expectation of detecting significant control weaknesses. However, our procedures alone should not be relied upon to identify all strengths and weaknesses in internal controls, nor relied upon to identify any circumstances of fraud or irregularity. Even sound systems of internal control can only provide reasonable and not absolute assurance and may not be proof against collusive fraud.

The matters raised in this report are only those which came to our attention during the course of our work and are not necessarily a comprehensive statement of all the weaknesses that exist or all improvements that might be made. Recommendations for improvements should be assessed by you for their full impact before they are implemented. The performance of our work is not and should not be taken as a substitute for management's responsibilities for the application of sound management practices.

This report is confidential and must not be disclosed to any third party or reproduced in whole or in part without our prior written consent. To the fullest extent permitted by law Mazars LLP accepts no responsibility and disclaims all liability to any third party who purports to use or reply for any reason whatsoever on the Report, its contents, conclusions, any extract, reinterpretation amendment and/or modification by any third party is entirely at their own risk.
