1. Executive Summary

- 1.1 General Fund revenue outturn – General Fund revenue budgets are forecasting a deficit of c. £1m. This pressure is a combination of £0.7m that is attributable to the ongoing effects of Covid-19, and £0.3m which is non-Covid related. The Covid pressure of £0.7m is scheduled to be funded from the Economic Recovery Reserve which was specifically set up for this purpose, once the overall year end position is confirmed later in the financial year.
- 1.2 Strategic Planning and Environment Capital budgets – at this stage of the financial year, capital budgets are reporting to budget.

2. Introduction

- 2.1 The purpose of this report is to present the Council's forecast outturn for 2021/22 as at 30 June 2021. The report covers the following budgets with associated appendices:
- General Fund - Appendix A. A pressure against budget of c. £1m is forecast.
 - Capital Programme - Appendix B.

3. General Fund Revenue Account

- 3.1 The General Fund revenue account records the income and expenditure associated with all Council functions, except the management of the Council's own housing stock, which is accounted for within the Housing Revenue Account (HRA).
- 3.2 Appendix A provides an overview of the General Fund forecast outturn position.
- 3.3 The table below provides an overview by Scrutiny area of the current forecast outturn for controllable budgets within the General Fund.

Table 1	Current Budget £000	Forecast Outturn £000	Variance	
			£000	%
Finance & Resources	7,457	7,542	85	1.1%
Strategic Planning and Environment	10,871	11,417	546	5.0%
Housing & Community	1,779	2,045	266	15.0%
Total Operating Cost	20,107	21,004	897	4.5%
Core Funding	(20,107)	(20,052)	55	(0.3%)
Contribution (to)/ from General Fund Working Balance	0	952	952	

3.4 Core Funding - £55k pressure against budget

Government grant income has been received as follows:

- £325k of additional government grant income has been received as follows:

£250k of support relating to the administration of Covid-19.

£75k of new burdens funding to meet new Local Authority statutory requirements.

- Pressure of £250k in Investment Income. A pressure on the budget is anticipated, as interest rates remain very low following Bank of England base-rate reduction in March 2020.
- Pressure of £130k in additional costs incurred from the costs of repairs to void Temporary Accommodation properties. The higher than budgeted cost reflects the current high usage of properties for Temporary Accommodation. A revised schedule and scope of works is being undertaken given the current demand levels.

3.5 The following sections provide an analysis of the projected outturn and major budget variances shown by Scrutiny area.

4. Strategic Planning and Environment

Table 2 - Strategic Planning & Environment	Current Budget	Forecast Outturn	Variance	
	£0	£0	£0	%
Neighbourhood Delivery	9,954	10,464	510	5.1%
Planning, Development and Regeneration	899	935	36	4.0%
Finance & Resources	18	18	0	0.0%
Total	10,871	11,417	546	5.0%

4.1 Neighbourhood Delivery - £510k pressure against budget

- A pressure of £300k relates to Waste services employees' costs and vehicle hire costs. This is due to ongoing access issues from residents continuing to work from home and staffing challenges.
- A pressure of £120k relates to income from the Alternative Financial Model (AFM). No income is expected from the AFM due to high levels of residual waste (loss of £260k income). This is partially offset by additional income from recycling credits which is expected to over-achieve budget by £140k from increased tonnage.
- A pressure of £50k relates to the income budget for Commercial Waste, which is still being impacted by the effect of the Covid-19 pandemic,

- A pressure of £40k relates to the cost of fly-tipping clearances. This carries a high cost, particularly when asbestos disposal is required.

5. Capital Programme

5.1 Appendix B shows the projected capital outturn in detail by scheme.

The table below summarises the overall capital outturn position by Scrutiny committee area.

The current budget is the original budget approved by Cabinet in February 2021, plus approved amendments.

The 'rephasing' column refers to projects where expenditure is still expected to be incurred, but will now be in 2022/23 rather than 2021/22 ('slippage'), or conversely, where expenditure planned initially for 2022/23 has been incurred in 2021/22 ('accelerated spend').

The 'Variance' column refers to projects which are expected to come in under or over budget and projects which are no longer required.

Table 3	Current Budget	Rephasing	Revised Budget	Forecast Outturn	Variance	
	£000	£000	£000	£000	£000	%
Strategic Planning and Environment	4,783	0	4,783	4,783	0	0.0%

5.2 General Fund Major Variances

There are no major variances.

6. Conclusions and recommendations

- 6.1** As at Quarter 1 2021/22, there is a forecast pressure of c. £1m against General Fund budgets.
- 6.2** As at Quarter 1 2021/22, Strategic Planning and Environment capital budgets are reporting to budget.
- 6.3** Members are asked to note the financial position for the Council for 2021/22 as at Quarter 1.
