1. BACKGROUND

- 1.1. Dacorum Borough Council has statutory responsibility for the administration and enforcement of a wide range of licences, registrations and permits. Many of these schemes allow the Council to charge a fee, payable by an applicant for a licence, in order to cover the costs (or a proportion thereof) of the administration of those licence types. In some cases, costs are also permitted to cover other aspects of providing the regulatory scheme, such as enforcement.
- 1.2. The basis in setting such fees is generally to ensure full cost recovery, or as close to it as possible. Numerous legal cases over the years have confirmed that licensing fees may not be used to generate a profit for councils, and that fees should be reviewed regularly (generally annually) to ensure that neither a significant surplus nor deficit is created. Surpluses or deficits may be carried forward to future years to be redistributed or recouped, as applicable.
- 1.3. Many licensing schemes fall within the definition of 'services', and are therefore subject to the EU Services Directive, incorporated in to UK law as the Provision of Services Regulations 2009. For such schemes, fees and charges must "*be reasonable and proportionate to the cost of the procedures and formalities under the scheme and must not exceed the cost of those procedures and formalities*".¹ This principle was affirmed by the UK Supreme Court in *R. (on the application of Hemming (t/a Simply Pleasure Ltd)) v Westminster City Council*.²
- 1.4. In the above case, the Supreme Court referred one issue, on the legality of a demand for upfront payment relating to the ongoing enforcement and compliance of licensing and regulatory schemes, to the European Court of Justice for consideration. The ECJ issued its judgement³ in November 2016, stating that the law precludes any requirement for payment at the time of submitting an application, of part of a fee which relates to the ongoing management and enforcement of the authorisation scheme concerned, even if that part is refundable if that application is subsequently refused. As a result of this, and earlier decisions in the Hemming case, fees for licence types which fall within the scope of the Services Directive are now set in a two-stage structure:
 - an initial **application fee** payable at the time of application, representing the authority's costs in considering and determining the application;
 - a subsequent **licence fee** payable upon the grant of the application but prior to the issue of the licence, covering the costs of ongoing enforcement and compliance checks of the authorisation scheme, and any other costs which the authority is permitted to recover through its licence fees.

² [2015] UKSC 25

³ [2016] EUECJ C-316/15 – [Link to judgement](#)

- 1.5. The key exclusions from the above provisions relate to gambling and taxi licences, as those categories of services are excluded from the Directive and the 2009 Regulations. Fees in connection with taxi applications are defined in the subject legislation as licence fees, as they are payable for the grant of a licence, not for an application (ancillary charges, e.g. DBS checks, are payable at the time, however). Gambling fees are treated as application fees, as the legislation makes no provision for refund in the event of an application being unsuccessful. Fees under the Licensing Act 2003 for alcohol/entertainment licences, which are set nationally within legislation, are also treated as application fees as the legislation is again silent on the subject of refunds.
- 1.6. The table at Annex A summarises the Council's powers to set its fees in respect of licensing applications, and any limitations on those powers.

2. PROPOSALS

- 2.1. A proposed list of service-wide fees and charges (excluding those fees set by statute or under executive arrangements) for the period from 1 April 2021 to 31 March 2022, is appended to this report as Annex B.
- 2.2. In addition to the general explanatory note at para 1.4-1.5, the following comments are made on specific proposals:

Alcohol/entertainment fees (1.1.-1.7)

These continue to be set nationally in legislation, at levels which have not changed since 2005. In November 2017, the Government responded⁴ to a House of Lords Select Committee report examining the legislation for these licences, stating that the Government had decided not to commence statutory powers allowing licensing authorities to set these fees at a local level, citing additional costs facing licensed premises as a result of business rates revaluations. Given this history, and the severe impact that the pandemic has had on the hospitality industry, it seems likely that these fees will remain at current levels for the foreseeable future, which result in a substantial deficit against costs, with the only way to reduce this burden being to continue to look at how we can deal with such licences as efficiently and economically as possible, whilst meeting our statutory responsibilities.

Animal licences (2.1-2.8)

The Council now has a couple of years of experience in dealing with the new legislation implementing a combined licensing scheme for businesses engaged in animal boarding, dog breeding, sales of pet animals, displaying or exhibiting animals, or hiring of horses for riding or riding tuition which came into existence on 1st October 2018. The fees have been adjusted following the experience gained since October 2018, as applicants need much more assistance than was originally anticipated, and it has also been necessary to include some recovery of the cost of training that will be a legal requirement for inspectors in the future.

Dangerous wild animal licences (currently 2 in force) and zoo licences (0 in force) remain separate from the new licences, due to their specialist nature.

Caravan Site Licences

⁴ <https://www.gov.uk/government/publications/the-government-response-to-the-report-from-the-house-of-lords-select-committee-on-the-licensing-act-2003>; Recommendation 61, page 39

Caravan site licensing fees can only be set by review of the Council's Mobile Homes Fees Policy, this has been reviewed as part of the fees setting process this year, and the reviewed policy is attached. Only minor changes have been made – these are as follows –

- Removal of references to the transition from calendar year fees to fiscal year, as this is no longer relevant as the transition is complete.
- Fees updated to reflect the cost of managing these licences, estimated based on cost recovery using time spent on these in the last 12 months.

The new draft policy for these fees is attached as Appendix 1 for consideration

- 2.3. There has been a significant increase in the level of internal recharges for Licensing. When calculating the fees previously, these were set just under £92k, whereas for this year the recharges have been set just below £116k, this is understood to be largely due to the restructure of Corporate and Contracted Services.
- 2.4. As with last year, no prior consultation has been carried out on these proposed fees, save for discussions with the service accountant. As licensing authorities are legally obliged to set fees on a cost recovery basis, costs are the only factor they should consider. Comparisons with fees charged by other authorities, comparisons with inflation rates or other indices (including regulated taxi fares) or responses generally opposing an increase as it will raise costs for businesses should carry little weight. In previous years almost all of the responses received to consultations have fallen under these descriptions, as it is very difficult for third parties to make any other comment on the costs incurred by the licensing authority.
- 2.5. For fees covered by a public notice requirement, an opportunity will be available to make representations on the proposed fees prior to their going live, following the publication of a public notice in a local newspaper. The authority must consider any representations received prior to deciding whether to go ahead with the proposed fee levels.

3. RECOMMENDATIONS

- 3.3. **In pursuance of the fee-setting powers conferred upon the Council as specified in Annex A of this report, that the Licensing, Health & Safety and Enforcement Committee set as the fees and charges payable by applicants in connection with applications and other processes for licences, registrations and permits the fees and charges as set out in Annex B, for the period from 1st April 2021 to 31st March 2022; and**
- 3.4. **That authority to consider any objections arising from statutory notices pertaining to these fees be delegated to the Assistant Director (Corporate and Contracted Services) in consultation with the Chairman of the Licensing, Health & Safety and Enforcement Committee.**

Duration of the Policy

This policy will remain in force until reviewed.

1. Introduction

Dacorum Borough Council has granted Caravan site licences under The Caravan Sites and Control of Development Act 1960 (as amended) for sites that have planning permission for a caravan site. The Caravan Sites and Control of Development Act 1960 has now been amended by the Mobile Homes Act 2013. The Mobile Homes Act 2013 was introduced in order to provide greater protection to occupiers of residential park homes and caravans as the existing legislation had not been updated for more than 50 years. This Act introduced some important changes to the buying, selling or gifting of a park home and the pitch fee review process.

There is an expectation that councils inspect sites and the Council intends to do annually; this timescale will be reviewed if it becomes apparent that it is appropriate to do so. The Council can charge a fee for different licensing functions, serve enforcement notices and publish any site rules relating to a site. The fee generated by the Mobile Homes Act 2013 is not designed to include investigation of harassment or matters not related to the site licence – these should be dealt with through other appropriate channels.

This policy details what will be charged for each function. Current fees are shown in Table 1 in Annex 2. The table will be updated to reflect the current fees agreed by the Council via the Licensing and Health & Safety Committee. Fees will be reviewed annually ahead of each new fiscal year and from time to time as and when the cost of delivering licensing function is considered to have material changed.

2. Fees charged for site licences

The changes introduced by the Mobile Homes Act 2013 for site licensing came into force on 1st April 2014. These include powers for local authorities to charge fees for their licensing functions in respect of “relevant protected sites”. A relevant protected site is defined in the Act as any land to be used as a caravan site with planning consent, other than one where a licence is:

- Granted for holiday use only
- In any other way subject to conditions which restrict the usage of the site for the stationing of caravans for human habitation at certain times of the year (such as planning conditions).

Sites which do not fall within the definition of ‘relevant protected sites’ are still subject to the licensing requirements contained within the Caravan Sites and Control of Development Act 1960, but the provisions relating to payment of fees do not apply.

Under the new Act a fee can be charged for

- applications to grant a new licence
- applications to transfer or amend an existing licence

- Annual licence fees for administering and monitoring existing site licences.

The Council has calculated fees in accordance with the provisions of MHA13 which allows a local authority to include all reasonable costs and this includes administrative costs, officer visits to the site, travel costs, consultations, meetings, undertakings and informal advice.

3. Application for a new site licence

All sites require a site licence to operate (subject to exemptions in the Caravan Sites and Control of Development Act 1960); failure to apply for licence is an offence under Section 1(2) of Caravan Sites and Control of Development Act 1960. The Council may only issue a licence for a site with a valid and correct planning permission for the use.

As details of the required planning permission are required as part of a complete application, no application for a site licence will be accepted without this. Sites which have the correct planning permission in place will be processed within 2 months of the licence application.

4. Transfer/amendment of existing site licence (including changes to conditions)

Where a licence holder wishes to transfer the licence an application must be made to the Council, for which a fee is payable. The fee must accompany the application to transfer the licence.

Where a site owner requests an amendment to site licence conditions the Council will charge a fee for this function. Applications can be made at any time by licence holders to vary or cancel conditions, but the fee is payable at the application stage. Whether a site visit will be required as part of any variation will be a decision of the Council and an additional fee will apply when this is the case.

If the Council deem it necessary to alter conditions there will be no fee payable.

5. Annual Fees for Site Licences

All relevant protected sites must pay an annual fee to the Council (subject to any exemptions stated in this Policy). The fee is due on 1st April each year, see below for transitional arrangements where annual fees have previously been due in January each calendar year.

Charges are based on estimates from experience associated with the administration responding to enquiries and conducting inspections of sites varying in type and size. The Council is not permitted to make a surplus from this function.

The annual fee covers the costs associated with site inspections to ensure compliance with the site licence conditions and a follow up visit to ensure compliance with any informal schedule of works. If there is still a breach in site licence conditions at the point of the follow up visit further charges may be payable to cover the cost of any enforcement action which may be taken. Further details can be found in section 6 - Enforcement Action.

The fee is calculated using a standard initial fee which covers aspects of an inspection which are expected to be roughly similar in all cases such as travel time for example, the second part of the fee is established on an individual basis a price per licensed pitch to reflect the variation in cost due to the size of the site.

All sites will be inspected annually as it is recognised that any longer than this could lead to site licence breaches not being identified until a significant amount of time has passed.

DCLG guidance offers a variety of suggested options for local authorities in calculating the annual fee and this approach has been adopted as it is considered to offer a balance of transparency and fairness without creating an unnecessarily complicated fee setting process.

Annual fees payments

The fees will be considered annually by the Licensing and Health & Safety Committee and will be published by the Council along with all other fees and charges that the Council makes.

Sites exempted from Annual Licensing fees

- Sites that are not relevant protected sites
- Sites for the Site owner and their family (does not include sites that are run for financial gain)
- Gypsy Roma and Traveller Sites

Following a change of departmental responsibility for Caravan Site licensing in 2018, and the significant policy review that has taken place, together with training that has been required for officers, the cost of this means that fees charged for 2018-2019 will not be sufficient to recover this expenditure, the Council will not seek to recover the costs of this through the deficit process for the 20/21 fees. In future years the Council will continue to assess its previous year's costs to determine if they were accurate. If costs are less than predicted for that year, the excess monies will be reflected in the fee charged to the site owner in the next year. In that case the fee to the site owner would be the licence fee for year 2 minus the money not spent from year 1. If insufficient income was received in a year, consideration of this will be given when the fees are set for the following year, and whether to seek to recover the excess costs of regulating the sites.

Charging Arrangements

For the purpose of this policy the period covered by the annual fee will be 1st April to 31st March each financial year. The fee will be charged to the site owner/licence holder and payment advice will be sent at the start of the financial year with payment due within 30 days.

Where a new site licence is issued part way through the year, the annual fee will be pro-rata for that year. The calculation will be done using months and will take into account all months and part-months that the licence will cover for the initial year.

Where an amended licence is issued part way through the year (which included either additional units or a reduction in units), the change in annual fee will be calculated on a pro-rata basis for the remainder of the year. The calculation will be done using months and will take into account all months and part-months that the licence will cover for the initial year.

In the event an annual fee is not paid the Council may apply to the First Tier Tribunal (Property Chamber) for an order requiring the licence holder to pay the amount due. Following non-payment of the annual fee, the costs of any litigation and collection of the fee, may be re-

charged to the site owner. Charges for collection of the annual fee cannot be passed onto the residents pitch fee.

Applications will not be determined if no fee or a lower fee than required is paid.

Fees for new site applications or variation to site licences will not be refunded if the application is refused. However, if an applicant pays more than the required fee, the additional payment will be refunded in all circumstances.

6. Enforcement Action

Where there has been a breach in a site licence condition which comes to the attention of the Council we may serve a compliance notice. The Caravan Sites and Control of Development Act 1960 details the elements which a council may include when imposing a charge for enforcement action. These include the time involved in deciding to serve and prepare the notice. A detailed breakdown of the relevant expenses would be provided with the compliance notice. Charges would be based on an hourly rate in addition to any other costs incurred for example legal costs.

7. Fees for depositing Site rules

Site rules are different to the site licence conditions and are put in place by the owner of a site to ensure acceptable standards are maintained which will be of benefit to occupiers or will promote and maintain community cohesion on the site. The Mobile Homes Act 2013 changed the way site rules must be agreed between both parties. The Council must keep an up to date register of site rules on relevant protected sites and publish the register on-line.

Before publishing site rules the Council will ensure the rules deposited have been made in accordance with the statutory procedure – a fee can be charged for this function.

Any site rules deposited with the Council for the first time or applications to vary or delete existing site rules must be accompanied by the appropriate fee. The fee is the same for either a first deposit or for a subsequent variation or deletion. This is because the process will be very similar for all three types of deposits.

8. Publishing and revising the fee policy

This fees policy and the fees charged is published on the Dacorum Borough Council Licensing website at <http://www.dacorum.gov.uk/home/environment-street-care/licensing/mobile-homes>

The fees detailed in this policy have been determined based on experience of dealing with site licensing historically.

Annex 1 Elements included in fee setting
