Policy / service / decision

PSH Enforcement Policy

Description of what is being impact assessed

What are the aims of the service, proposal, and project? What outcomes do you want to achieve? What are the reasons for the proposal or change? Do you need to reference/consider any related projects?

Stakeholders; Who will be affected? Which protected characteristics is it most relevant to? Consider the public, service users, partners, staff, Members, etc.

It is advisable to involve at least one colleague in the preparation of the assessment, dependent on likely level of impact

Take a firmer stance to privately rented sector regulation/rogue landlord activities and utilise enforcement powers when necessary and appropriate.

Fulfil statutory duties imposed on the PSH Team after a number of years where little/no enforcement work has been carried out due to lack of appropriate resources within the PSH Team.

A detailed policy with the inclusion of enforcement considerations of CAT 2 hazards under the Housing Act 2004 following advise from the Secretary of State in response to a high profile damp and mould case.

Evidence

What data/information have you used to assess how this policy/service/decision might impact on protected groups?

(Include relevant national/local data, research, monitoring information, service user feedback, complaints, audits, consultations, CIAs from other projects or other local authorities, etc.). You should include such information in a proportionate manner to reflect the level of impact of the policy/service/decision.

The processes that will be followed in the implementation of the project are governed by legislation and statutory responsibility.

Who have you consulted with to assess possible impact on protected groups? *If you have not consulted other people, please explain why? You should include such information in a proportionate manner to reflect the level of impact of the policy/service/decision.*

Council staff, elected members and senior management. Additionally the PSH Team is a member of the Herts, Beds and Bucks Housing Group and consults with other members on issues relating to the private sector.

This policy is in relation to statutory functions and therefore residents have not been consulted.

Analysis of impact on protected groups (and others)

The Public Sector Equality Duty requires Dacorum BC to eliminate discrimination, advance equality of opportunity and foster good relations with protected groups. Consider how this policy/service/decision will achieve these aims. Using the table below, detail what considerations and potential impacts against each of these using the evidence that you have collated and your own understanding. Based on this information, make an assessment of the likely outcome, **before** you have implemented any mitigation.

- *The PCs of Marriage and Civil Partnership and Pregnancy and Maternity should be added if their inclusion is relevant for impact assessment.*
- *Use “insert below” menu layout option to insert extra rows where relevant (e.g. extra rows for different impairments within Disability).*

Summary of impact		Negative impact / outcome	Neutral impact / outcome	Positive impact / outcome
Protected group	<i>What do you know? What do people tell you? Summary of data and feedback about service users and the wider community/public. Who uses / will use the service? Who doesn't / can't and why? Feedback/complaints?</i>			
Age	All age groups from 18+ benefit from the team’s proactive approach towards regulating private sector housing in the borough. The policy does not relate to housing minors.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

<p>Disability (physical, intellectual, mental)</p> <p><i>Refer to CIA Guidance Notes and Mental Illness & Learning Disability Guide</i></p>	<p>The team's approach towards regulating private sector housing in the borough ensures that disabilities are taken into account and advice given to private landlords/managing agents.</p> <p>The team provides appropriate advice to landlords whose tenants need disabled adaptations, but the landlord is under no obligation to proceed with grant applications or adaptation installations.</p>	□	□	☒
<p>Gender reassignment</p>	<p>Little information is available around the number of private sector tenants who are in the process of or have completed gender reassignment. The policy has no direct effect on this group as it deals with the building conditions. However, if such tenants were to suffer harassment or discrimination, the team could take action to deal with the impact or to signpost them or their landlord appropriately.</p>	□	□	☒
<p>Race and ethnicity</p>	<p>The policy has no direct effect on this group as it deals with the building conditions.
