## 1 Background

Attached at Appendix A is the latest SICA report. The SICA report provides Audit Committee with an update on governance, risk and internal control arrangements for the Council. The report will be presented at Audit Committee by the Council's internal auditors, TIAA. Officers for the services covered by the internal audit reports issued since the last SICA was presented to Audit Committee will also be present to answer queries from Members.

## 2 Internal audits completed since the last SICA

The following audits have been completed since the last SICA was presented to Audit Committee in July 2023:

- Commercial Rent- Substantial assurance
- ICT- Document Management Systems- Reasonable Assurance
- Housing Repairs and Maintenance – Reasonable Assurance

TIAA use four levels of assurance assessment when undertaking internal audit review:

<b>Substantial Assurance</b>	There is a robust system of internal controls operating effectively to ensure that risks are managed and process objectives achieved.
<b>Reasonable Assurance</b>	The system of internal controls is generally adequate and operating effectively but some improvements are required to ensure that risks are managed and process objectives achieved.
<b>Limited Assurance</b>	The system of internal controls is generally inadequate or not operating effectively and significant improvements are required to ensure that risks are managed and process objectives achieved.
<b>No Assurance</b>	There is a fundamental breakdown or absence of core internal controls requiring immediate action.

The summary report and associated recommendations for the above audit are included in Appendix A.

Internal audit recommendations are rated from 1, 2 or 3, with 1 being urgently required for implementation. No priority 1 recommendations have been made in respect of the three audit reviews above.
