Risk Name	Risk Owner	RM01 Risk Consequence	RM02 Risk Likelihood	Status	
		Actual	Actual	Actual	Update
Delivery of safe and good quality homes	Darren Welsh	2	2	4.00	<p>The controls in place to mitigate and control the risk are:</p> <ul style="list-style-type: none"> • A new Housing Strategy is currently under development for 2024/9 which will steer our work in this area going forward • The Housing Revenue Account Business Plan is now refreshed annually as part of the Council's Medium Term Financial Plan • The Housing Transformation and Improvement Programme is underway developing a new operating model for the Housing Service • A programme of work has commenced to recommission our housing repairs and maintenance contracts • Compliance monitoring across Housing and Property Services is reported monthly to the Council's Strategic Leadership Team.
Failure to achieve the CEE statement	Aidan Wilkie	2	2	4.00	<p>Inherent risk likelihood 2; inherent risk consequence/ impact 2; Overall inherent risk score 4. Target risk likelihood 2; target risk consequence/ impact 2; overall target risk score 4.</p> <p>The Climate and Ecological Emergency Strategy and action plan have been reviewed with the Portfolio Holder.</p>

Risk Name	Risk Owner	30 Jun 2023			
		RM01 Risk Consequence	RM02 Risk Likelihood	Status	
		Actual	Actual	Actual	Update
Financial Resilience.	Catherine SilvaDonayre	3	2	6.00	<p>Inherent risk likelihood 4; inherent risk consequence/ impact 4. Overall inherent risk score is 16. Target risk likelihood 3; target risk consequence/ impact 3. Overall target risk score is 9.</p> <p>During the quarter 4 period of 2022/23 the financial outturn projections for the General Fund delivered a year end underspend and allowed for small additional reserve provisions. The 23/24 Qtr 1 financial performance report is reporting a projected year end underspend on the general fund of circa £750k.</p> <p>The General fund short term financial position looks strong given the increased performance of cash investments. In addition to this a lot of work has been undertaken during the first quarter in the development of the 2023 MTFS to be presented to cabinet in October, and the medium term financial sustainability appears strong at this point.</p> <p>The HRA financial outturn worsened in quarter 4 of 22/23 and the financial pressures within the service have maintained in the first quarter of 2023/24 with a current projected pressure of circa £400k in 23/24.</p> <p>The HRA is impacted significantly by inflationary cost pressures and demand relating to repairs and Maintenance. The HRA is being closely monitored and mitigation measures are being implemented and assessed as the impact of wider economic cost pressures has a greater impact on the housing service than the general fund.</p> <p>In terms of medium term sustainability the HRA 30 year business plan is currently being reviewed and refreshed and will be presented to members early in 2024, this process needs to ensure an affordable and sustainable medium term strategy is developed for the HRA.</p>
Place Shaping & Regeneration	James Doe	3	2	6.00	<ul style="list-style-type: none"> Inherent risk score is 3; inherent risk consequence/ impact score is 4. Overall inherent risk score is 12. Target risk score is 2; target risk consequence/ impact score is 2. Overall target risk score is 4 New Local Plan to underpin whole agenda, on track for consultatio Q3 23/24 following Borough elections May 23 UKSPF Investment Plan approved by DLUHC and 3 year award of £1.763m confirmed and Cabinet decision made on allocation June 23. ODRS has confirmed initial projects including just under £0.5m for activating footfall in Hemel Town Centre

	Controls & Assurances	The Council has implemented a number of measures to manage this risk including use of firewalls, security patching and staff training. Regular back- ups are undertaken. The Council has a robust independently assessed technical infrastructure and security function which is constantly tested against best practice.
	Evidence Risk is being managed	The Council has implemented a number of measures to manage this risk. Due to evidence that those looking to carry out cyber-attacks specifically look for public facing documents outlining control measures in place, these measures are not provided in detail here and are available to Members on request. The Council has a robust independently assessed technical infrastructure and security function which is constantly tested against best practice.

		30 Jun 2023
Detail		Status
	Consequences / Impacts	Financial loss through inability to deliver business as usual activity. Financial and human resource cost of recovering from the event. Data breach resulting in fines/ penalties. Reputational damage and loss of trust in the Council. Regulator/ government intervention. Inability to deliver frontline services and associated impact on residents.
Delivery of safe and good quality homes	Risk Owner	Darren Welsh
	Portfolio	Housing and Property Services
	Risk Description	Inability to manage and deliver safe and good quality affordable homes
	Inherent Score	16 ▲
	Mitigated Score	4.00 ★
	Target	4.00
	Comments	The controls in place to mitigate and control the risk are: <ul style="list-style-type: none"> • A new Housing Strategy is currently under development for 2024/9 which will steer our work in this area going forward • The Housing Revenue Account Business Plan is now refreshed annually as part of the Council's Medium Term Financial Plan • The Housing Transformation and Improvement Programme is underway developing a new operating model for the Housing Service • A programme of work has commenced to recommission our housing repairs and maintenance contracts • Compliance monitoring across Housing and Property Services is reported monthly to the Council's Strategic Leadership Team.
	Controls & Assurances	Housing Transformation and Improvement Programme in place to transform the housing service. Strong focus on compliance activity and regular reporting to SLT, Scrutiny and Cabinet. New management structure developed and in place for Housing Services to create capacity and deliver strong leadership. Strategic housing function created to drive affordable housing supply and enable, monitor and report on housing needs and delivery. A programme of grant support is in place to Registered Providers to support affordable housing delivery. Housing Revenue Account Business Plan refreshed to reflect all housing priorities. Housing delivery is a key part of the developing 2023 Local Plan.
	Evidence Risk is being managed	Housing Transformation and Improvement Programme (HTIP) - baseline report for HTIP. HTIP is a review of current operating practices within the Housing services, the purpose of which is to identify areas and actions for improvement and change. Safeguarding improvement plan identifies where more effective controls could be applied. New service structure to support service objectives. Monitoring and management of compliance in place. HRA Business Plan annually refreshed. Improved governance across Housing and also corporately. Preparatory work on new regulatory requirements to be reported to Overview and Scrutiny Committee.

	Consequences / Impacts	Regulatory intervention. Funding withdrawal. Loss of life/ injury to tenants/ leasehold occupant. Reputational damage. Increased homelessness. Failure to appropriately safeguard households. Failure to maintain assets.
Failure to achieve the CEE statement	Risk Owner	Aidan Wilkie
	Portfolio	Climate Change
	Risk Description	We do not plan in or deliver action early enough to ensure achievement of the CEE statement.
	Inherent Score	16 ▲
	Mitigated Score	4.00 ★
	Target	3.00
	Comments	Inherent risk likelihood 2; inherent risk consequence/ impact 2; Overall inherent risk score 4. Target risk likelihood 2; target risk consequence/ impact 2; overall target risk score 4. The Climate and Ecological Emergency Strategy and action plan have been reviewed with the Portfolio Holder.
	Controls & Assurances	- Climate and Ecological Strategy and action plan created and implemented. - A renewed programmatic approach including analysis of potential and impact of individual and collective intervention. This includes ownership of delivery spread throughout the Council and renewed governance. - All key strategic decision making includes an assessment of the impact on carbon footprint.
	Evidence Risk is being managed	Climate and Ecological Strategy and action plan created and implemented. A renewed programmatic approach including analysis of potential and impact of individual and collective intervention. This includes ownership of delivery spread throughout the Council and renewed governance. All key strategic decision making includes an assessment of the impact on carbon footprint.
	Consequences / Impacts	Adverse impact on local biodiversity. Adverse impact on health and wellbeing of the population of the borough. Reputational damage.
Financial Resilience.	Risk Owner	Catherine SilvaDonayre
	Portfolio	Corporate and Commercial Services
	Risk Description	Weakening of the Council's Financial Resilience.
	Inherent Score	16 ▲

		30 Jun 2023
Detail		Status
Mitigated Score	6.00	
Target	9.00	
Comments	<p>Inherent risk likelihood 4; inherent risk consequence/ impact 4. Overall inherent risk score is 16. Target risk likelihood 3; target risk consequence/ impact 3. Overall target risk score is 9. During the quarter 4 period of 2022/23 the financial outturn projections for the General Fund delivered a year end underspend and allowed for small additional reserve provisions. The 23/24 Qtr 1 financial performance report is reporting a projected year end underspend on the general fund of circa £750k. The General fund short term financial position looks strong given the increased performance of cash investments. In addition to this a lot of work has been undertaken during the first quarter in the development of the 2023 MTFS to be presented to cabinet in October, and the medium term financial sustainability appears strong at this point. The HRA financial outturn worsened in quarter 4 of 22/23 and the financial pressures within the service have maintained in the first quarter of 2023/24 with a current projected pressure of circa £400k in 23/24. The HRA is impacted significantly by inflationary cost pressures and demand relating to repairs and Maintenance. The HRA is being closely monitored and mitigation measures are being implemented and assessed as the impact of wider economic cost pressures has a greater impact on the housing service than the general fund. In terms of medium term sustainability the HRA 30 year business plan is currently being reviewed and refreshed and will be presented to members early in 2024, this process needs to ensure an affordable and sustainable medium term strategy is developed for the HRA.</p>	
Controls & Assurances	<ul style="list-style-type: none"> - Clear financial governance processes in place and adhered to. - Annual independent assessment of VFM and sustainability. - Strategic decision making assesses the financial sustainability of strategies. - Medium term financial sustainability assessed as part of the council approved MTFS and annual budget. <p>Delivery of a robust annual Internal Audit programme and annual approval by IA of risks and controls processes.</p> <p>Development and implementation of Transformation and Commercial programmes to support financial resilience.</p>	

	Detail	30 Jun 2023 Status
	Evidence Risk is being managed	<p>The Council's Medium Term Financial Strategy (MTFS) and the HRA Business Plan are controls that mitigate the likelihood of this risk crystallizing through the effective modelling of the future financial environment.</p> <p>Sound financial planning maximizes the opportunity for the Council to identify funding risks in advance, and therefore grants more time for it to plan to provide its services differently in order to continue delivering its corporate priorities.</p> <p>The Council's sound financial planning processes, have resulted in a residual likelihood score is 3, It is likely that the Council's financial resilience will weaken from a position of strength; given current macroeconomic factors that contribute to financial pressures, despite the sound financial control framework in place.</p> <p>The residual impact score is 2, given the financial planning and reserves policy in place to reduce/finance the impact of any financial downturn. If the economic outlook was to be ongoing for significant period of time the impact score would increase as resources are diminished.</p> <p>The MTFS details the financial implications of the Corporate Plan over a five-year period. It ensures that the Council is able to forecast likely income pressures in the medium-term, and optimise the balance between its financial resources and the delivery of its priorities. The MTFS is reviewed annually and is approved by Full Council, thereby providing the opportunity for Members to make informed amendments to the Corporate Plan on the basis of likely funding constraints.</p> <p>The 2022 MTFS outlines the continuation of the ongoing two-pronged approach to combine the Council's need to;</p> <ol style="list-style-type: none"> 1 Continue driving the efficiencies required to ensure underlying sustainability; and, 2 To protect frontline service provision. <p>The updated 2022 MTFS can be viewed on the October 2022 Cabinet Agenda, at www.dacorum.gov.uk.</p> <p>Internal Audit In recent years, the Council has received independent, third-party audit reviews of the financial processes that contribute to the management of this risk: The 'Budgetary Control' process is audited by the Council's Internal Auditors annually and in 2022, and 2023 has received the substantial assurance.</p> <p>The 'Core Financial Systems and Budgetary Control' which have in recent years also achieved substantial assurance with limited recommendations for improvement.</p> <p>External Audit The 2022 "Annual Auditors Report and 'Value for Money' opinion issued by Grant Thornton in June 2023 outlined no risks of significant weakness identified in relation to Financial Sustainability, Governance and Improving economy, efficiency and effectiveness. This report was based on evaluation of the MTFS; the budget setting process; the reserves policy and use; and, the Council's financial performance reporting</p> <p>The Council has a sustainable 2022 MTFS and a balanced budget set for 2023/24 following a financial performance in 2022/23 that followed expectations, and included a significant net contribution to reserves, and hence, it has meant that the Council is able to protect the delivery of its frontline services into the medium-term.</p>

		30 Jun 2023
Detail		Status
	Consequences / Impacts	<p>The Council is currently facing two fronts of significant financial uncertainty that both hamper planning and risk deliverability of the objectives within the Corporate Plan into the medium-term:</p> <ol style="list-style-type: none"> 1. The ongoing uncertainty around future Government funding of local authorities. 2. The financial implications of the wider economic downturn and uncertainty. <p>Government Funding The Council is currently operating on a one-year Finance Settlement from Government, the fourth in succession, following the conclusion of the 4- year settlement ending in April 2019. One-year settlements, and the planning challenges that accompany them, are expected to continue until after the next general election, expected in October 2024. At this point it is expected that a new Local Government funding allocation model will be implemented following historical work Funding Review work undertaken.</p> <p>As yet there is no certainty over the level of funding that Dacorum or any other authority can expect in the future.</p> <p>However, there is a strong belief across the sector that the new model will divert funding away from lower tier authorities in favour of those authorities with responsibility for the provision of Public Health, Social Care and Education. The Council must ensure that it's in a position to adapt to significant funding reductions at potentially short notice when the new model is announced.</p> <p>Economic Downturn and Inflationary Pressures. The Council faces significant expenditure pressures as a result of unusually high inflation impacting on contract values, pay awards and utilities.</p> <p>The current cost of living crisis created by record inflation levels is putting an additional strain on household incomes, this is likely to impact on council income generation.</p> <p>Income pressures could be brought about by a significant long-term recessionary impact on the Council's primary income generating services, e.g. commercial property, parking and garages.</p> <p>The magnitude of the potential ongoing economic uncertainty and severity of the economic recovery period creates a significant financial threat to the Council's in-year and medium term budget.</p>
