

Dacorum BC Community Impact Assessment (CIA) Template

Policy / service / decision

Release of a proportion of Community Infrastructure Levy Core Funds

Description of what is being impact assessed

What are the aims of the service, proposal, project? What outcomes do you want to achieve? What are the reasons for the proposal or change? Do you need to reference/consider any related projects?

Stakeholders; Who will be affected? Which protected characteristics is it most relevant to? Consider the public, service users, partners, staff, Members, etc

It is advisable to involve at least one colleague in the preparation of the assessment, dependent on likely level of impact

The Community Infrastructure Levy (CIL) is a mechanism for collecting financial contributions from new developments to help fund the provision of infrastructure required to support housing and commercial growth in the Borough. It is a tariff style system applied to the area of the development as a cost per square metre and may vary by both use and location. The Borough Council is required to allocate CIL funding to the local community (15%). They may also allocate funds for the purposes of administration (5%) under where the release of these funds can be justified. The bulk of CIL funding (80%) sits in a further pot from where it may be allocated towards its infrastructure projects and priorities. At a strategic level, these priorities are identified in the IDP which sets out the infrastructure plans and funding arrangements of infrastructure providers. This plan is a “live” document and is subject to regular discussion and review. It is published on the website (<http://www.dacorum.gov.uk/home/planning-development/planning-strategicplanning/evidence-base/infrastructure-and-delivery>).

Following a robust bidding process, it is proposed to approve funding towards the relocation and permanent enlargement of Breakspeare SEN School.

Evidence

What data/information have you used to assess how this policy/service/decision might impact on protected groups?

(include relevant national/local data, research, monitoring information, service user feedback, complaints, audits, consultations, CIAs from other projects or other local authorities, etc.). You should include such information in a proportionate manner to reflect the level of impact of the policy/service/decision.

CIL Core Documents and evidence used for set up and examination of CIL [https://www.dacorum.gov.uk/home/planning-development/planning-strategic-planning/developer-contributions/community-infrastructure-levy-\(cil\)/cil-examination-library](https://www.dacorum.gov.uk/home/planning-development/planning-strategic-planning/developer-contributions/community-infrastructure-levy-(cil)/cil-examination-library)

Dacorum Borough Council's Infrastructure Delivery Plan and numerous stakeholder consultations used to inform its preparation

Who have you consulted with to assess possible impact on protected groups? *If you have not consulted other people, please explain why? You should include such information in a proportionate manner to reflect the level of impact of the policy/service/decision.*

Senior Leadership Team (SLT)
Hertfordshire County Council (HCC)
Local Enterprise Partnership (LEP)
Various stakeholders and infrastructure providers have been consulted as part of the preparation of the Infrastructure Delivery Plan (IDP)

Analysis of impact on protected groups (and others)

The Public Sector Equality Duty requires Dacorum BC to eliminate discrimination, advance equality of opportunity and foster good relations with protected groups. Consider how this policy/service/decision will achieve these aims. Using the table below, detail what considerations and potential impacts against each of these using the evidence that you have collated and your own understanding. Based on this information, make an assessment of the likely outcome, **before** you have implemented any mitigation.

- *The PCs of Marriage and Civil Partnership and Pregnancy and Maternity should be added if their inclusion is relevant for impact assessment.*
- *Use "insert below" menu layout option to insert extra rows where relevant (e.g. extra rows for different impairments within Disability).*
