1. Background

- 1.1 Section 38 of the Localism Act 2011 ('The Act') requires local authorities in England to prepare, approve and publish a pay policy statement. The statement must detail the authority's own policies towards a range of issues relating to the pay of its workforce, particularly its senior staff ('Chief Officers', as defined in the Act) and its lowest paid employees.
- 1.2 The pay policy statement must be prepared for each financial year. As soon as reasonably practicable after approving the statement, it must be published in such manner as the Council thinks fit, which must include publication on the Council's website.
- 1.3 Specifically, the Act requires the publication of a pay policy statement for each financial year which must set out the authority's policies for the financial year relating to:
- the remuneration of its chief officers
 - the remuneration of its lowest-paid employees, and
 - the relationship between:
 - (i) the remuneration of its chief officers, and
 - (ii) the remuneration of its employees who are not chief officers.
- 1.4 The statement must also provide:
- the definition of "lowest-paid employees" and the authority's reasons for adopting that definition, and
 - a statement on the Council's policies relating to:
 - (i) the level and elements of remuneration for each chief officer
 - (ii) remuneration of chief officers on recruitment
 - (iii) increases and additions to remuneration for each chief officer
 - (iv) the use of performance-related pay for chief officers
 - (v) the use of bonuses for chief officers
 - (vi) the approach to the payment of chief officers on their ceasing to hold office under or to be employed by the authority, and
 - (vii) the publication of and access to information relating to remuneration of chief officers.
- 1.5 In respect of item (vi), the Council currently has no defined approach to the payment of chief officers on ceasing to hold office, and no statement is, therefore, made in the report in relation to this.
- 1.6 It remains the case that each local authority is an individual employer in its own right and has the autonomy to make decisions on pay that are appropriate to local circumstances and which deliver value for money for local taxpayers. The Act only requires that authorities are more open about local pay policies and how their local pay decisions are made. It is not necessary to specify actual pay rates or terms and conditions. It also means that future decisions by a local authority relating to the pay and conditions of its chief officers must comply with the authority's approved pay policy statement.

- 1.7 Guidance relating to the statement of Pay Policy and related guidance on transparency make recommendations arising from the Hutton Review of Fair Pay in the Public Sector (final report published March 2011) and this guidance has been taken into account in producing this report.
- 1.8 Members should also note that the Council is also required to publish, under the Accounts and Audit (England) Regulations 2011:
- the number of employees whose remuneration in that year was at least £50,000, and
 - details of remuneration and job title of certain senior employees whose salary is at least £50,000.
- 1.9 In addition, under the Local Government Transparency Code 2014, the Council is required to publish a list of responsibilities (including the service and functions they are responsible for, budget held and number of staff) for senior employees whose salary exceeds £50,000.
- 1.10 The Council is not required to include the information referred to in paragraphs 8 and 9 in its Pay Policy Statement, but it is required to place the information on its website.
- 1.11 The Senior Officer Pay Policy also includes a schedule of election fees.
- 1.12 The statutory Gender Pay Gap statistics forms part of the pay policy. This will also be reported on the Government's website.
