The new contract for the processing of recyclables has now been awarded via a consortium with three other Hertfordshire Authorities.

ND_F04 Operational Factors Affecting Service Delivery					
Category: Infrastructure	Corporate Priority: Dacorum Delivers				Tolerance: Treating
Inherent Probability	Inherent Impact	Inherent Risk Score	Residual Probability	Residual Impact	Residual Risk Score
3 Likely	3 High	9 Amber	2 Unlikely	2 Medium	4 Green
Consec	quences	Current	Controls	Assurance	
Risk – Operational Risks Industrial Action/Employee relations - The service employees are its greatest assets and it is important that they are kept fully informed of service developments and the reasons for them if unrest is to be avoided.		Current control - Regular monthly team briefs are held to advise of service developments - Annual two way appraisals are held to discuss performance and training requirements - A quarterly Cupid Green Round Up magazine is produced which includes "Compliments Corner highlighting service achievements - Bi-Monthly Health and Safety meetings are held – Attendees include Management, Supervisors and Union Representatives - The corporate staff survey will highlight areas of improvement Every operator of heavy goods vehicles must convince the Traffic Commissioner of their good repute. Each		Assurances - Apart from a national pay dispute, Dacorum has not been threatened with Industrial Action for many years. With the current controls in place it is probably that thi will continue.	

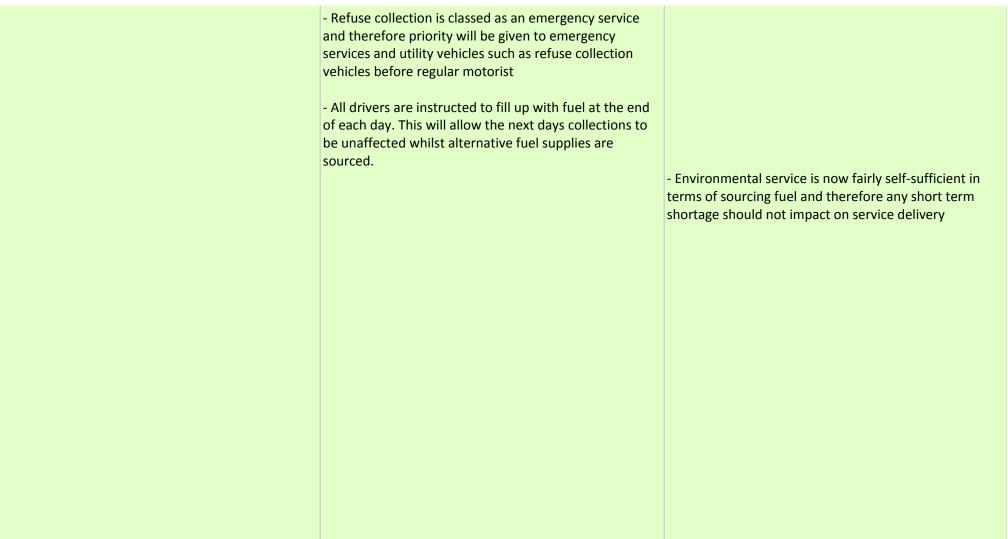

Revocation, suspension or curtailment of Operators licence	 operator must have a qualified Certificate of Competence holder (CPC) to who is personally responsible for maintaining the fleet and driver records. If standards are found to be less than satisfactory the then VOSA could chose to revoke, curtail or suspend the licence. Currently DBC have three CPC holders and a admin support on a fixed term. This is adequate until a review and restructure has taken place. An independent audit of vehicles maintenance and records by the FTA has been organised for the next two years to ensure compliance Interviews are being undertaken to employ a suitably qualified Transport Manager Herts County Council have a statutory obligation to provide disposal outlets for Hertfordshires Waste Collection Authorities (WCA) so there are a number of alternative outlets available if required Cupid Green has a licenced Waste Transfer Station with bulking facilities which can hold material if required until a suitable outlets is sourced. 	
Closure/lack of access to disposal outlets	- Service disruption has been experienced on a number of occasions in the past and this has affected Waste Services more than CSG.	

	 clearing duties if the service is suspended. All staff are aware of priority areas for the above Passenger carrying vehicles are available to transport staff to the most affected areas. 	 Environmental Services are suitably prepared for inclement weather which will lessen the potential full impact on affect service delivery Social media plays a significant role in keeping residents informed and this has been seen to be well used by residents. This, coupled with the text alerts, ensure that reside4nts can keep up to date with developments.
Fuel Shortage	 Over 4000 residents signed up to text alerts to advise of disruption and contingency plans Fuel is now kept and drawn from a storage until at Cupid Green depot A number of fuel cards to enable purchase from local petrol stations have been retained and can be used in an emergency.

Consequences		Current Controls		Assurance	
If there is an in increase sickness, there are a number of significant impacts on services. Agency staff usage increases which leads to higher revenue costs but also affects service quality. This can lead to further additional costs such as returning for missed bins, replacing lost and damaged bins as well the resource required to deal with additional complaints.		absence with dedicated Human Resource support based at Cupid Green Depot. A monthly update is circulated		A stricter approach to sickness management coupled with a change to the Sickness Policy has reduced sickness and therefore the need for previous levels of agency cover.
